ROBERT ARNDT  
CRITICAL AFTER  
ACCIDENT IN FOG

Robert Arndt, 21, 159 North Stratton street, was reported in critical condition in the Warner hospital with a fractured skull, fractured right arm and fractured right leg, suffered in an automobile accident on the Biglerville road eight-tenths of a mile north of Gettysburg at 9:40 o'clock Tuesday night.

Arndt was a passenger in an automobile driven by Paul A. Walter, 19, 144 Chambersburg street, which crashed into the rear of a truck operated by Harry A. Zentz, 51, of Thurmont R. D., Md.

State police of the Gettysburg substation said Zentz's truck became disabled on the road as he was driving south toward Gettysburg. The truck wheels and axle slipped allowing the body to settle on the tires, police said.

There was considerable fog at the time, and Walter, also traveling south, ran into the rear of the stalled truck. Walter escaped injury.

Arndt was removed to the Warner hospital in the ambulance. Damage to Walter's car was estimated by state police at \$700. Damage to the truck was placed at \$75.

GIRL SCOUTS  
PLAN EVENTS

Final plans for the observance of Girl Scout Week October 29 to November 4 were completed Tuesday evening at a meeting of the leaders and assistant leaders of the Gettysburg Girl Scout troops.

The observances over the seven days of the "week" will include: Sunday, religious observance; Monday, Homemaking Day; Tuesday, Citizenship Day; Wednesday, health and safety projects; Thursday, International Friendship Day; Friday, arts and crafts; and Saturday, Out-of-doors Day.

Highlight of the local observance will be presentation of a pageant, "A Strand of Pearls," on Thursday evening, November 4, at the local high school gymnasium.

Approximately 175 girls from the 13 Scout troops in the community will take part in the pageant, with each troop demonstrating one of the 13 phases of Girl Scout work.

Girl Scout Week, observed nationally, is set during the period from October 29 to November 4 to include the date, October 31, which is the birthday of Juliette Low, founder of Girl Scouting.

Catholic Scouts  
Will Meet Sunday  
In Harrisburg

Fifteen hundred Catholic Scouts, Cubs and scouters will gather in St. Patrick's cathedral, Harrisburg, next Sunday for the eighth annual "Dedication to Christ, Their Leader." The scouts will be from the fifteen counties in central Pennsylvania comprising the Diocese of Harrisburg, and they will represent 67 scouting units. There are seven scout councils in the area.

The Rev. Msgr. Peter Huegel, protonotary apostolic and Vicar General of the Diocese of Harrisburg, will preside at the ceremony which will be preceded by a parade. The Catholic high school band of Harrisburg, directed by Ted Brown, will participate. Major Thomas Martin, superintendent of the State Police Training school at Hershey, will be grand marshal of the parade.

The arrangements for the affair are under the supervision of the Bishop's committee on boy scouting for the diocese of Harrisburg.

Rev. William Lyons, of McSherrystown, area II youth director, represents Adams county.

The address will be delivered by the Rev. Martin A. Lohmuller, official of the diocese of Harrisburg.

Give 'Did You Know?'  
Program on WGET

Littleton and Gettysburg residents took part Tuesday evening in the Pennsylvania Week program presented over Radio Station WGET.

Marion Stambaugh sang and Carol Colgan was pianist. Both are of Littleton. Members of the Gettysburg Women's Civic Council presented a round table discussion on "Do You Know?" facts about Pennsylvania.

Members of the "round table" included: Mrs. Louise Stanton, who told of how her grandmother, who was a slave, came here via the "underground railway; Mrs. Grover Ridler, Mrs. Harvey Dickert, Mrs. Robert Fortenbaugh, Mrs. W. A. Corbett and Mrs. Guyon Buehler.

15 "MYSTERY"  
FARMS ARE UP  
FOR SALE AGAIN

Fifteen of the farms purchased by Attorney Franklin R. Bigham for an unnamed buyer are now for re-sale at prices far below the amount paid by the local attorney for the properties.

Whatever mineral resources was sought by the buyer it was not to be found in a majority of the farms, Attorney Bigham revealed indirectly this morning at a hearing before the Adams county commissioners when he announced that the farms are listed for re-sale.

Bigham was appearing before the commissioners—sitting as an assessment appeals board—for a continuation of hearings on the assessments laid against the properties he purchased during the past year. In his appeal Bigham is arguing for "equitable" assessments.

Cites Inequalities  
The local attorney said this morning that basing assessments on the price he paid leads to obvious inequalities between properties owned by him. One property that he bought is assessed at \$240 an acre. An adjoining farm also bought by him is assessed at \$45 per acre, he added, because in both cases the assessment was apparently made by taking the purchase price and then dividing by the number of acres to find the assessment per acre. There could not possibly be a difference of value of \$195 between two acres of land adjoining when both are farm land and both about equally productive, Bigham argued.

No decision was reached by the commissioners this morning, although all direct testimony in the appeals was taken today and last Wednesday.

A discussion of the law regarding assessments is the next step. That will take place at a date as yet undecided when Bigham and Attorney Eugene V. Buleit, solicitor for the commissioners, will discuss various aspects of the law.

Higher Appeal Possible  
Following that discussion the commissioners will make a decision concerning the appeals, either sustaining them and working out another assessment for the properties, or rejecting the appeal, in which case the matter would probably go before the court on a further appeal.

The commissioners indicated this morning their agreement with Bigham in his argument that the prices paid for the farms was not "what the farms would be worth as farm land."

C. A. Heiges, local real estate dealer who purchased the properties for Bigham and with whom the farms for re-sale have been listed, gave his opinion of the value of the (Continued on Page 2)

Draft Board Sends  
81 For Physicals

Seventy-five Adams county youths, plus six more transferred here from other draft boards, left this morning for Harrisburg Selective Service headquarters and the induction center at New Cumberland for their pre-induction physical examinations.

Six Adams county youths who were originally scheduled for physical exams today, were transferred to other draft boards, Selective Service Board No. 1 here said today.

The 81 from the local board left this morning at 7 o'clock on two chartered buses. William B. Tipton was the leader of the contingent and Eugene I. Cole assistant leader.

Police Attending  
Annual Conference

Members of Tri-County Lodge No. 76, Fraternal Order of Police, were holding their annual conference today at the Lee-Meade inn, with morning and afternoon sessions and a banquet and entertainment this evening.

Paul A. Bohn, of Mechanicsburg, president of the lodge, presided at the business sessions. Election of officers was scheduled this afternoon. Speakers scheduled included P. W. McCallum, Philadelphia, state president, and Jack Dudek, Cleveland, Ohio, national president. Burgess William G. Weaver gave the address of welcome.

Attend Hearing On  
Vocational Costs

Leslie V. Stock, supervising principal of the Upper Adams schools, and Charles I. Raffensperger, assistant county superintendent of schools, this evening will take part in sessions of the joint state legislation commission at Harrisburg where hearings are being conducted to determine just what subsidy should be paid by the state to keep vocational education going in the schools.

As part of its work the commission is seeking to find out the actual cost of vocational education by studying the costs in various schools throughout the state. Biglerville high school is one of the schools chosen for the study.

Observance Of Penna. Week  
Here Climaxes With Visit  
Of Train Saturday At 3:30

Final arrangements are being perfected for the visit here on Saturday afternoon of the Pennsylvania Week special train, and the ceremonies at the Carlisle street crossing of the Western Maryland railroad in observance of Pennsylvania Week and the train's visit, with its galaxy of state officials and movie and radio entertainers.

The train is due to reach Gettysburg from Carlisle at 3:30 o'clock Saturday afternoon. The Blue and Gray band will play as the train pulls into Gettysburg and is stopped with the "stage" car across Carlisle street.

Exra Stone, the Henry Aldrich of radio fame, will act as master of ceremonies for the entire 45-minute program here. He will introduce Burgess William G. Weaver, who will deliver the address of welcome. Fred G. Pfeffer will recite Lincoln's Gettysburg Address and brief remarks will be made by Edmund W. Thomas, regional chairman of the Pennsylvania Week celebration.

To Meet Train At Carlisle  
From 3:45 to 4:15 o'clock the program will be in charge of the state committee and will feature the appearances of Gov. James H. Duff, Theodore Roosevelt III, secretary of commerce, and other state notables.

FBI AGENT IS  
SPEAKER FOR  
EXCHANGE CLUB

The Federal Bureau of Investigation, founded as such in 1924 with J. Edgar Hoover, its present head, as director, has a record of 96.7 per cent in convictions, Special Agent M. C. Carroll of York told members of the Exchange club in a talk at the club's regular weekly dinner meeting Tuesday night at Bankert's restaurant.

Tracing the history of the FBI, Carroll said the first Federal law enforcement agency was originated in 1789. It came within the Justice department in 1906 when a bureau of investigation was formed. Harlan Fisk Stone was attorney general when Hoover was appointed director in 1924, Carroll said.

Drastic changes were immediately made in the qualifications of employees of the bureau. Age limits were set between 25 and 40, with the requirement that special agents must be graduates of a law school and admitted to the bar, or certified public accountants. Oral and written examinations are given on the ability of an applicant to grasp facts, and each one is thoroughly investigated in relation to good character, morals and integrity.

Two Chief Functions  
Carroll said the number of special agents has increased from 400 to 4,200. To 116 Federal violations have been added investigations of sabotage, espionage and American security, he said. The FBI has 52 field offices.

"The principal functions of the FBI are two," the speaker continued. "First, it is a fact-finding investigative body, which reports to the proper prosecuting authorities the results of its investigations. Second, it cooperates and provides services to other law enforcement agencies. "Another function of the FBI," Carroll said, "is the FBI laboratory started in 1932, where evidence found at the scene of a crime can be sent and analyzed. Expert witnesses of the FBI will go anywhere in the United States free of charge to give their testimony."

14,000 Prints A Day  
Carroll listed another function of the FBI as the national academy, at Washington, D. C., and Quantico, Va., where police officers from cities and communities throughout the United States are sent by their local departments for a 14-week course which prepares them to be administrators and instructors at home.

As an investigative and law enforcement body, the FBI probes bank robberies, kidnappings, interstate automobile thefts, extortion plots and many other cases, Carroll (Continued on Page 2)

"JACK" MILLER  
EXPIRES TODAY

Frank O. "Jack" Miller, 66, Penns Grove, N. J., died this morning at 2:55 o'clock at the Warner hospital from a complication of diseases following a two-week illness. He had been ill most of the summer and was admitted to the hospital last Wednesday.

Mr. Miller was born in Union Bridge, Md., a son of the late Charles G. and Harriet E. (Beamer) Miller. For the last 22 years he resided in Penns Grove. He was traffic officer at the Deep Water school. Prior to that he lived in Altoona where he was employed by the Pennsylvania Railroad company from 1910 to 1926.

He attended Gettysburg college with the class of 1908. He was a member of the Methodist church of Penns Grove and was also a member of the Tall Cedars of Lebanon. He was active in civic and organizational work in New Jersey. His wife, the former Elsie Homan, died July 13, 1930.

Surviving is one sister, Miss Carrie E. Miller, Gettysburg. Funeral services Saturday at 10 a.m. from the Bender funeral home conducted by the Rev. Harold V. March. Interment in the Alto Rest park, Altoona. Friends may call at the funeral home Friday evening after 7 o'clock.

Curtain Time Is  
8:40 Tonight At HS

Curtain time is 8:40 o'clock tonight in the high school auditorium for "The Hasty Heart," to be given by the Allenberry Players, under the sponsorship of the Exchange club for the benefit of the club's Christmas lighting fund.

Advance sale of tickets for the first of the three Allenberry plays to be presented here under Exchange club sponsorship was reported as excellent at Tuesday night's regular dinner meeting of the club, but it was pointed out that there are still good seats available for tonight's performance.

The second play, a Pennsylvania Dutch dialect comedy, "Papa Is All," will be presented at the high school on December 7, and the third in the series, "The Male Animal," on April 26. Books of tickets for all three plays are available or single tickets can be purchased.

KING TO HEAD  
SCHOOLMEN OF  
ADAMS COUNTY

Paul E. King, Littleton supervising principal was elected president of the Adams County Schoolmen's association Tuesday evening at a meeting held in the Student Christian association building on the Gettysburg college campus. He succeeds Guile Lefever, principal of Gettysburg high school.

Dr. Frank Kramer was elected vice president and Selon Dockey, New Oxford, was named as secretary-treasurer.

Plans to present details of the findings of the Hoover commission in various schools of the county were outlined following presentation of a program based on the Hoover findings concerning methods of doing away with overlapping and duplication in the federal government.

Report Discussed  
A motion picture on the background of the Hoover commission and its findings was presented. The commission, headed by Past President Herbert Hoover was named by President Harry Truman to examine the government on a non-partisan basis and determine what changes should be made to make the federal government operate less expensively and more efficiently. The report has been turned over to congress for action implementing the suggestions.

The schoolmen decided to present the film at various faculty meetings throughout the county to acquaint the teachers with the background of the Hoover report and then have members of the county committee on the Hoover report aid in presenting the details to the school children.

The next meeting of the schoolmen will be held November 15 at the SCA building.

Recognized For His  
Post-Graduate Work

Dr. Raymond F. Sheely, Gettysburg, was the only Adams county physician among 371 in Pennsylvania to receive certificates from the Pennsylvania Medical Society in recognition of three years of post-graduate education. The presentations were made Tuesday night in the Bellevue-Stratford hotel in Philadelphia.

The certificates were awarded by the PMS commission on graduate education and is in recognition of the completion of three years of post-graduate work in medicine, minor surgery, pediatrics and obstetrics. The work is offered through the graduate education commission with the cooperation of all of the medical schools in the state.

Dr. Walter Gardner, Pittsburgh, became the society's 101st president at the Philadelphia meeting at which the Pennsylvania Retailers' association presented the state medical society with a plaque in recognition of its graduate education program.

South Koreans  
Storm Into  
Red Capital  
This Morning

By RELMAN MORIN  
Tokyo, Oct. 18 (AP)—South Koreans said tonight their troops have fought their way into Pyongyang, the Red capital.

The Korean Information press said the report was made by the Pusan, South Korea, radio in a broadcast at 9 p.m. (7 a.m., EST).

Republic of Korea (ROK) First Division troops swarmed over the Pyongyang airfield and then stormed across the Taegong river into the Red capital, Pusan radio said.

Their thrust into Pyongyang, prize goal of the massive United Nations drive, climaxed a brilliant eight-day march of nearly 90 miles.

Raced For Prize  
The ROKs fought hard to enter the city ahead of the U.S. First Cavalry Division. The American foot troopers wanted to add Pyongyang to their string of historic firsts—Manila, Tokyo, the linkup between the two South Korea beachheads.

But the South Koreans, battling to win back the northern half of their country—wrested from them with the Russian occupation after World War II—were not to be stopped.

Along the winding mountain road southeast of Pyongyang and into the capital plains, the ROK troops rolled forward, hardly pausing. For days their officers had trouble restraining the South Koreans from running on toward the city.

They surged through Red Korean opposition, sporadic at times, bitter at others.

The mountain road was littered with Communist dead. The South Koreans wheeled past huge piles of abandoned Red arms and equipment. They paused only to seize what they needed for their onward thrust.

American tanks cleared a path at least part of the way for the surging ROKs.

The thrust climaxed a spectacular northward drive out of the old Pusan beachhead, about 270 miles to the southeast.

Emmitsburg  
REPORTS GIVEN  
ON 2 PROPOSED  
NEW HIGHWAYS

The Emmitsburg Chamber of Commerce held its October meeting Tuesday night in the fire hall. President B. J. Eckenrode presided, and announced two new committees, housing and zoning, Herbert Neighbors, chairman, Samuel Hays and Louis Cooper, and national affairs, Ernie Rosensteel, chairman with the privilege of selecting the members. President Eckenrode emphasized that it was necessary for work to be done between meetings. He stated that he would call for committee reports at the next meeting and would expect them to be ready. A high light of the meeting was a report of the chamber representatives attending a meeting held in Frederick at the Francis Scott Key hotel, September 22. Senator Edward Storm made the report in which he told of the Lafayette Highway association's efforts to get the cooperation of all possible towns on route 15 and 15A and other highway associations in improving these routes through Pennsylvania, Maryland and south. The object is to encourage tourist travel on route 15 by removing hazards such as bad curves and providing more service accommodations.

**Discuss Highways**  
The Lafayette Highway association suggested an organization with a vice president from each state and a director from each town cooperating. There will be no membership fee, but contributions from Chambers of Commerce will be expected. A motion by Col. Thomas Pringle and Bernard H. Boyle that the Emmitsburg chamber express their interest was unanimously adopted. The chest X-ray clinic was approved. Col. Pringle reported for the committee on the Emmitsburg Manufacturing association and said that the committee had met with the management and officials of the company. There are 61 employees nine more are needed now, and the company would like to increase employment by 30 additional. Free group hospital insurance is provided, and one week's vacation with pay annually and holidays off with pay. Wages average \$45 to \$50 per 50-hour week with daily working hours from 7 a.m. to 5 p.m. and Saturday, 7 to 12.

The chamber authorized the printing of 200 copies of the constitution and by-laws. Mayor Rodgers told of the town's action in having all the streets and alleys named and numbered. Removal of the blinker and stop lights at the square came in for much discussion. The chamber voted unanimously to go on record as willing to cooperate with the town council in getting action on the blinker removal and stop lights. The new highway proposed by the Pennsylvania and Maryland highway departments from Hanover, Md., to Gettysburg, Pa., was explained and discussed. It was stated that this new highway will by-pass Emmitsburg on the east by about one-half mile and be a four-lane highway. A motion that the president appoint a committee to study the problem of marking Emmitsburg with proper signs and report at the next meeting was passed and referred to the advertising and information committee.

Chairman Cooper of the labor committee reported and a motion that a labor survey be made in the community was passed. President Eckenrode asked for 25 volunteers to attend a meeting to be held Thursday, October 26, at the Francis Scott Key hotel in Frederick. It will be a dinner meeting of the national Chamber of Commerce. State Senator Edward Storm spoke on the value of this meeting. Speakers of national reputation will be on the program. Twelve members indicated their intention of attending. After a discussion of the November 11 community celebration the meeting was adjourned.

**WRONG REV. JANSON**  
The Rev. William A. Janson, pastor of Messiah Lutheran church, York, who was found guilty of conduct incompatible with the character of the ministerial office at a congregational meeting Monday night, is not a graduate of the Lutheran Theological seminary here as previously reported. Another Rev. William A. Janson, who graduated here in 1946, is now assistant pastor of the Church of the Holy Trinity, New York city.

PLAN RALLY DAY  
AT TWO TAVERNS

The program for the annual Rally Day service at Grace Lutheran church, Two Taverns, was announced today. A combined Sunday school and morning worship service, the program will begin at 9 o'clock Sunday morning.

A hymn, followed by a devotional period conducted by C. Glenn Weaver, Sunday school superintendent, will open the service. Mrs. B. B. Bowers will present a reading, an offering will be lifted and the offertory hymn presented. C. C. Little will teach the lesson and Miss Betty Fissel will sing a solo. Mrs. A. Singley will present a reading followed by an accordion solo by Miss Betty Wherley.

A male chorus will sing "Have Thine Own Way" after which Arthur Shanesbrook will play a clarinet solo. This will be followed by the singing of a hymn, the reading of a psalm, the prayer, the epistle lesson, a solo by Miss Mary A. Freeman and the gospel lesson. The Rally Day welcome will then be given by Donna Morelock followed by a recitation by Barry Shealer. The Junior class will present a song followed by a reading by Mrs. N. B. Conover.

The Beginners' department will present a Rally Day exercise after which Nancy Trostle will present a piano solo. Fred Straley will give a recitation followed by the Rally Day "Booster" by the Primary department. Nancy Trostle will present a recitation followed by a song by members of the Sunday school class of Mrs. B. B. Bowers. Mr. Weaver will then give a report of the World Sunday School convention in Toronto, Canada. A mixed quartette, members of Mrs. Lloyd Weaver's class, will present a selection. After the church offering, a song and reading will be given by Mrs. Charles Trostle's class followed by a male chorus, singing "That Beautiful Land." Mrs. Edith Grove and Mrs. Kenneth Starr will then present a vocal duet. Mervin Weikert, Jr., will play a trombone solo before and after a reading by Mrs. Mervin Weikert. A hymn and the benediction will conclude the program.

Weddings

Hoke-Fissel

Miss Delores Viola Fissel, daughter of Mr. and Mrs. Curvin Fissel, East Berlin, and Robert F. Hoke, son of Frank T. Hoke, Menges Mills, were married last Saturday evening at 7 o'clock in Zwingle Reformed church, East Berlin. The pastor, the Rev. Alton M. Leister, performed the double ring ceremony. Mrs. Malcolm Leese presided at the console of the organ. Attending the couple were Mr. and Mrs. Ralph E. Mosebrook, nephew and niece of the bridegroom. A reception at the home of the newlyweds following the ceremony was attended by 75 guests. The bride was graduated from the East Berlin high school, class of 1948, and is employed by the G. C. Murphy company, Hanover. The bridegroom was graduated from the West York high school, class of 1944, and is employed by the York corporation. Mr. and Mrs. Hoke are residing in their newly-furnished home near Spring Grove.

Marsh-Kingsborough

Thelma Catherine Kingsborough, daughter of Mr. and Mrs. Charles S. Kingsborough, and Lorman R. Marsh, of Gardner R. 2, were united in marriage on Saturday afternoon in the First Evangelical church, Carlisle. Rev. Joseph Miller performed the double ring ceremony. Following the ceremony, the couple left for a wedding trip to Niagara Falls.

Mrs. Marsh was graduated from Carlisle high school in 1948 and is employed by the United Telephone company. The bridegroom, who served 23 months in the Navy during World War II, is now employed by W. L. S. Motors garage, Carlisle.

DEATHS

Charles W. Walters

Charles W. Walters, 39, husband of Catherine Sneak Walters, Hanover, died Tuesday in the Hanover hospital, where he was admitted as a patient Sunday evening. Death followed a lingering illness. He was a son of Mrs. Ada Haugh Walters, Littlestown, and the late George Walters. Surviving besides his wife and mother are two daughters, Jane and Arlene, at home; two brothers, Earl Walters, Littlestown, and Allen Walters, U. S. Navy; one sister, Mrs. Mary Dehoff, Hanover, R. 2; two half sisters, Mrs. Paul Toomey, Hanover R. 4, and Mrs. John Robert, Hanover, and one half-brother, Edward Walters, Hanover R. 4. Funeral services will be held Friday at 10:30 a.m. at the Frederick Bucher funeral home, Hanover. The Rev. Dr. Harry Hershfeldman, pastor of St. Matthew's Lutheran church, will officiate. Interment in Rest Haven cemetery. Friends may call Thursday evening at the funeral home.

Bury Mrs. Wehler

Funeral services for Mrs. Oliver W. Wehler, 42, New Oxford R. 1, who died Monday morning at the Warner hospital, were held this afternoon at 2 o'clock from the Fred F. Feiser funeral home, New Oxford, conducted by the Rev. Archie Rohrbach. Interment in the New Oxford cemetery.

The pallbearers were Lloyd Eckert, Harry Hoover, Ray Haverstick, Clair Baumer, Ray Sponseller and Denton Miller.

Frank S. Creager

Frank S. Creager, who operated a grocery store in Hanover for 12 years, died Tuesday at 11:30 a.m. at his home, 261 Frederick street, Hanover, following a six months' illness.

A son of the late Mr. and Mrs. Sanford Creager, he was a former secretary of the Littlestown Protective Fire Insurance company. Mr. Creager was a member of Redeemer's Reformed church, Littlestown. His wife, Margaret Myers Creager, died in 1933.

Surviving are his second wife, Nora R. Stoner Keagy Creager; one step-daughter, Miss Evelyn Stoner, Baltimore, and a brother, John Creager, Philadelphia.

Funeral services Thursday at 10:30 a.m. at Frederick Bucher Funeral home, Hanover. His pastor, Rev. F. E. Reynolds, will officiate. Interment in Mt. Olivet cemetery.

POLITICS  
AT-A-GLANCE

(By The Associated Press)  
Gov. James H. Duff said at Beaver Falls the United States "failed to appraise the intentions of Russia" and that present military expansion is squeezing Americans "between high taxes and the high cost of living."

Sen. Francis J. Myers at Lock Haven denied he is a "rubber stamp" for Harry S. Truman and said it would be as "accurate to call the President a 'Myers yes man.'"

At Washington, Pa., John S. Fine said "The fact that the Republican party in Pennsylvania is united for the November election has upset my opponent terribly."

His opponent, Richardson Dilworth, meanwhile at Pittsburgh called for a permanent salaried state highway planning commission which would not be "hamstrung by selfish power politics."

Mr. and Mrs. Frank Schmidt, of West Orange, N. J., were week-end guests of Mr. and Mrs. C. W. Park, Aspers R. D.

Mrs. W. C. Weaver, of Aspers, had as Sunday guests Mr. and Mrs. Paul Weaver and Mr. and Mrs. Orin Kell.

At the regular meeting of the Arendtville Brownie Troop in the Recreation room of the bank on Monday night the girls and a few additional guests were entertained by Carl Lee Frantz, in celebration of her seventh birthday, with ice cream, birthday cake and favors. Appointments were in keeping with the Halloween season.

The Adams County Fish and Game association will meet Thursday night in the Bendersville Community hall. The 16-gauge shot gun and other prizes will be awarded at that time. All members are urged to attend.

Rally Day was held Sunday at Trinity-Bender's Evangelical and Reformed church, Biglerville. The speaker of the morning was Dale Roth, Gardner's R. D. Special music was furnished by a girls' trio from the Goodyear Lutheran church. The trio was composed of Mrs. Benjamin Naylor, Mrs. Donald Brehm and Mrs. Dale Roth. The total attendance at the rally service was very good.

The fall Rally and Planning conference of the Adams County Council of Christian Education will be held on Sunday evening, November 5, at 7:30 o'clock in Trinity Lutheran church, East Berlin. The speaker will be Rev. Robert Knechel, of Gettysburg. Music will be furnished by the host church. There will be three divisions, the children's division, Julia Yost in charge; the young people's division, Howard Smith in charge, and the adult division, Donald Wenk in charge.

said. In addition, when the Selective Service act was set up in 1940, it made over 500,000 investigations of draft evasions and other violations. He related several humorous incidents in connection with the FBI investigations.

"The FBI is perhaps best known, in its service to other law enforcement agencies, for its finger print bureau," Carroll said. "Today the FBI has over 14 million fingerprints on file. They are being received at the rate of 14,000 a day."

Carroll said that out of the 14 million on file, no two sets of prints have been found yet which are identical.

"It costs more to combat crime in the United States each year than to maintain all of the nation's educational institutions," the speaker said in calling for cooperation with the FBI and other agencies of law enforcement. "Only by a total war on crime can we achieve a total victory."

He revealed that in 1949, a total of 1,763,290 crimes were committed, or one every 18 seconds.

Carroll was introduced by Glenn Guise, president of the club, who presided. Robert P. Snyder, the club's representative on the Hallows-Exchange club had been asked to provide the judges for the parade, and President Guise named the following to act in that capacity: John Codori, John Slentz, Harold Heiges, Dewey McCauslin, George Haenn, Stanley Keefer, John Wible and Joseph Rosensteel.

**Bubblers Team Faces Important Loop Tilt**

Two of the leading contenders for the Twin Valley Football league championship will clash Thursday at 2 p.m. on the Bolling Springs gridiron when the Bubblers clash with Duncannon high school.

Last Saturday night Bud Ecker's Bubblers won their second straight conference victory without defeat by defeating Juniata Joint at Millintown 27-0. A year ago the Bubblers were unbeaten in conference play but due to the point system finished second. Duncannon has won four games this year while losing only to Williamstown and is reported to have its finest team in years.

**BRING ACCIDENT SUIT**  
An action in trespass has been instituted with the Adams county prothonotary by William P. Julius, York, against Rodney Taylor, Biglerville R. D. The suit results from an accident May 30 on the Cash-town-Arendtville road.

**HALLOWEEN STUNT**  
Borough police early this morning wondered whether this was another Halloween prank, a college "stunt" or just "devilry." They found an automobile parked on York street with a rope tied between a parking meter post and the bumper of the car. They untied the rope.

**Moscow, Oct. 18 (AP) —** A Soviet professor declared Tuesday that Russia's scientists already have discovered a means of transforming atomic energy directly into electricity. Atomic Energy Specialist V. Goldubstov claimed in the Literary Gazette that Soviet science is far ahead of the United States in the development of peaceful uses for atomic energy.

various farms at today's session. In each instance he listed as his appraisal the amount set as the "asking price" in the re-sale of the farms.

**Get 2nd Set of Figures**  
John H. Basehore, who also visited all of the farms to appraise them, listed his idea of the value of the farms today. His estimates were in general lower than the amounts set by Heiges.

Judging by the amounts asked in the re-sale of the properties and the amounts paid for the farms originally, the unknown original purchaser of the farm will lose from \$200,000 to \$300,000 as a result of his wrong guess concerning the possible value of the farms for mining, quarrying or drilling.

Attorney Bigham noted that "in these ventures the chance is taken that a loss may be sustained in some purchases with the hope that other purchases elsewhere may bring in sufficient profit to offset the losses."

**Some Not Tested**  
The farms listed for sale are those on which drilling indicated nothing of value, Bigham said. Several other farms have not as yet been tested an "may prove to be of no value other than as farms," the attorney told the commissioners. In that case, they too, will probably be offered for resale.

The farms offered for resale include, in Franklin township, the former Daniel M. and Robert P. Sheely property and the Michael Loria property; in Reading township (the Round Hill section) properties formerly owned by Jeanne S. Walsh, Granville Inskip, Dr. Edgar A. Miller, C. Edgar King, and Clemington Reese; in Butler township (Stone Jug section) properties formerly owned by Lizzie M. Guise, R. Landon Plank, Ray E. Myers, Rex L. Rice, Melvin L. Cool, and Herbert W. Kehr; in Straban township, John Wolf and Herbert W. Kehr.

The farms formerly owned by Parker Lerew and A. P. Horner in Latimore township have not been offered for resale. During the appeal discussion this morning, Attorney Bigham said that tests had not been made on those two farms as yet to determine their potential value. Three other farms, the former Deatrick farm, Fidelity and Blanche Griest farms were not listed for appeals from assessments, nor were they among the group listed as for resale during the testimony this morning.

Soldier In Korea  
Needs Family News

Somewhere in Korea, Oct. 18 (AP) — A young U.S. Army officer from Chester, Pa., is whipping a personal problem as well as the enemy in Korea these days.

Among those marching on Pyongyang with the Seventh Cavalry column yesterday was First Lieut. Harvey R. Hager.

"My wife was expecting her third child on October 12," he said. "And I haven't heard from her. This is the third time I haven't been able to be present for the birth of one of our children."

The Hagers have a daughter three years old and a boy two.

## BULLETS HOLD TOUGH DRILLS FOR MULE TILT

Whether or not the Gettysburg college football squad has the courage to rebound in the face of adversity and give the strong Muhlenberg team a stiff argument in the Homecoming Day game here Saturday afternoon at 2 o'clock is a question only time will answer.

But the Bullet coaches, "Hen" Bream, Johnny Yovicsin and Jack Shainline are confident their charges will be equal to the occasion. They feel that with hard work this week the entire outfit will be ready to insure a fine performance against the powerful Mule outfit.

Coach Bream stated today, "A team is only great when it can come up and play better than it knows how in the face of adversity and setbacks." He feels that if the team can play as well as it is capable of there is a good chance of sweeping the remaining games on the schedule. There is doubt that the squad has played as well as it can.

### List Hard Drills

In an effort to bring the squad to razor-edge for the coming game, the Bullet coaches decreed stiff drills for the squad throughout the week.

The program began Monday and on Tuesday the varsity was sent through a 60-minute scrimmage under full game conditions against the freshmen. It marked the first scrimmage for the Bullets in some time. Another rough workout is listed for today.

The Bullets should need little prodding to have their spirit at its highest pitch Saturday. In Muhlenberg they will be meeting one of their bitterest rivals who are bent on avenging last year's upset 9-6 defeat. Muhlenberg bested Bucknell this season but was then upset by lightly-regarded Lebanon Valley. Last Saturday night the Mules rebounded to trounce Lafayette.

A capacity Homecoming crowd is anticipated Saturday, the advance sale of reserved tickets indicating the largest crowd of the home campaign.

## York Springs High Faces Thunderbolts

Two old rivals, Littlestown and York Springs high schools, will clash on the York Springs gridiron Thursday evening at 8 o'clock in a Laurel conference game.

Both teams have had tough going so far this season. Littlestown has dropped five of six games in stepping out of its class on a number of occasions. The Thunderbolts downed New Freedom 26-0 and lost to Washington Township 13-6 in conference games.

York Springs has won one of four starts, the lone victory being a 12-0 conference decision over Stewartstown. It dropped an 18-0 verdict to Washington Township and a 49-7 decision to unbeaten Dallastown in other league contests.

## STEELERS' GERI PACES PASSERS

Philadelphia, Oct. 18 (AP)—They can't believe their eyes in Pittsburgh these days. The Pitt Steelers, who usually have to pound out yardage on the ground in a headbanging type of game, have the National Football league's leading passer for the second week.

NFL statistics disclosed today that Joe Geri, a University of Georgia via Phoenixville, Pa., contribution to pro football, leads a number of his more illustrious colleagues in the art of successfully tossing the pigskin into the arms of waiting receivers. In round figures, Geri has clipped 44 passes, completed exactly half of them, 22 for 377 yards and three touchdowns. He has had only four intercepted and boasts an average of 8.57 yards per throw.

Zollie Toth didn't play for the New York Yanks last week because of injury but he held onto the ground gaining laurels. Toth has picked up 318 yards on 55 attempts for an average of 5.8 yards.

Dan Edwards of the Yanks again leads the pass receivers with 27 accepted successfully for 462 yards and three touchdowns. Tom Fears of Los Angeles (25-400-1) and Cleveland's brilliant Mac Speedie (24-311-1) rank second and third to Edwards.

Johnny Lujack is the league's top scorer with 55 points on six touchdowns, 16 extra point conversions and a field goal. Detroit's Doak Walker has scored 50 on four touchdowns, 14 conversions and four field goals.

## Army Center Is Lineman Of Week

New York, Oct. 18 (AP)—For his superb defensive play against Michigan last Saturday, defensive center Elmer Stout of Army's unbeaten and untied eleven, today was named the Associated Press college football lineman of the week.

Four times the legions from Ann Arbor were thrown back in the shadow of the Army goal posts. Leading this defense was Stout, a 20-year-old junior from South River, N. J.

Thus to the 5-11, 180-pound cadet goes a major share of the credit for helping Army retain its No. 1 ranking in the weekly AP poll.

Stout called the defensive signals. With all but one of Michigan's threats thrown back it is evident Stout was calm and alert under pressure.

"He was very important," said Col. Red Blaik, Army coach. This could be classified as the understatement of the week.

Brooklyn, Oct. 18 (AP)—The Brooklyn Dodgers announced today Fred Woelfe, 20-year-old catcher from New York, had signed a 1951 contract with Lancaster (Pa.) of the Class B Interstate baseball league.

## D-SON BACK IS LEADING STATE GRID SCORERS

Philadelphia, Oct. 18 (AP)—Dickinson college's Wilbur Gobrecht leads Pennsylvania college football scorers in the first Associated Press survey of the season today with 42 points.

The swift running Gobrecht former Hanover high star, scored three touchdowns against Grove City in Dickinson's opening game and tallied four more against Ursinus last Saturday. Dickinson won both games, losing to Franklin and Marshall in its only other game.

St. Vincent's kicking specialist, Jack Heimbeucher, is second to Gobrecht with four touchdowns, a field goal and six extra point conversions. He has totaled 33 points.

Tied for third with 31 points each are Joe Gerencser of Moravian and Lyle Peluso of Geneva. Peluso scored four six pointers and converted seven points for his total.

## Big Car Races At Williams Grove

Williams Grove, Pa., Oct. 18 — An eye on winning his first leg on the Ted Horn Memorial trophy, offered by Roy Richwine to the last driver winning the annual 50-lap big car race, sanctioned by the American Automobile association on two occasions, Tommy Hinner-shitz, the Flying Farmer from Reading, today turned in his entry for Sunday's final big car race of the 1950 season on the Williams Grove speedway.

Winner of more feature events on the half-mile oval than any other driver with three to his credit, Hinner-shitz returns to the speedway for the first time since winning the big car race on July 30.

## Western Md. Frosh Here On Thursday

The Gettysburg college freshman griders will seek their second straight victory Thursday afternoon when the Western Maryland frosh will be played here. The kickoff will be at 3 o'clock.

Last week Clyde Cole's Little Bullets topped the Dickinson freshman 12-6 in their opener.

Again this week Coach Cole expects to use two complete teams as units.

Lancaster is a Brooklyn affiliate. Woelfe batted 358 in semipro ball this year.

## G-Burg Junior High Host To Hershey 11

Gettysburg junior high school's football team will seek its first victory of the season when it clashes with Hershey junior high on the local gridiron Thursday afternoon at 3:30 o'clock.

The local outfit bowed to Delone 18-6 and Bolling Springs 21-18 in its previous two appearances.

Coach Rogers Herr is expected to stick to the same lineup. His outfit is lacking in size and experience but has shown fine potentialities upon occasion.

## Baseball Moguls To Meet November 16

Cincinnati, Oct. 18 (AP)—Two of baseball's big headaches—distribution of the 1950 world series television and radio money and possible elimination or alteration of the player bonus rule—may be brought before Commissioner A. B. Chandler November 16.

The problem of how to dole out the \$975,000 from sale of the series radio-TV rights has been made particularly thorny by insistence of some players that they are entitled to a whack at some of the money.

Ordinarily, the broadcast-telecast bonanza goes into the players' pension fund, to which the ball players and club owners also contribute. The major leaguers get \$50 to \$100 monthly pensions when they reach 50.

Neither Chandler nor Secretary of Baseball Walter Mulby offered any comment on how the money would be handled this year.

The bonus rule, also a highly controversial issue, now provides for farming out of a player for only one season if a major league club paid him a \$6,000 or more bonus. Either the club keeps him in the majors after that or he is open to baseball draft.

## MACK RETIRES; DYKES NEW BOSS

Philadelphia, Oct. 18 (AP)—Connie Mack, popularized as "The Grand Old Man of Baseball," retired today as manager of the Philadelphia Athletics, a post he has held since 1901 when the American league was organized.

Mack will be succeeded as field boss of the A's by Jimmy Dykes, colorful ex-third baseman for the A's and onetime manager of the Chicago White Sox.

Mack is 87 years old. His 88th birthday anniversary will be observed December 23.

He had been under fire for a number of years by sports fans in Philadelphia who argued that Mack had outlived his usefulness.

Under the reorganization plan, Arthur Ehlers, director of the Athletics' farm system, will become general manager—a position held by Mickey Cochran from the middle of last season until his resignation last month.

Mack's decision to retire from the dugout after 50 years after winning nine American league pennants and five world series was reached a few days ago after a series of discussions with Roy and Earle, two sons.

When Roy and Earle purchased controlling interest in the club last summer they announced their father would remain as manager as long as he desired.

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times  
TWENTY-FIVE YEARS AGO

Cornerstone of High School Is Laid: Under darkening skies, the cornerstone of Gettysburg's new \$100,000 high school was laid with impressive ceremony at the Playground Monday afternoon.

Grouped around the northwest corner of the building, were Gettysburg's small army of public school children, interested citizens and those more closely associated with school affairs in the community.

Dr. Henry W. A. Hanson talked impressively on "The making of an American."

Allen B. Plank, president of the school board, wielded the trowel and was in charge of the actual laying of the cornerstone.

Rev. Earl Bowman offered the invocation and Rev. W. C. Robinson pronounced the benediction.

The Gettysburg college band and the Citizens band provided music for the parade.

W. Raymond Shank introduced Doctor Hanson.

New Magazine For High School: Robert Fidler, a member of the senior class of the Gettysburg high school, has been appointed editor-in-chief of the Maroon and White, the school publication, by Miss Helen Cope, faculty supervisor.

The senior class which edits the paper decided to change the form from that of last year. The Maroon and White will take its old form as a magazine to be issued every six weeks. Last year the paper was issued bi-monthly and consequently was not in magazine form.

Lyceum Course In Biglerville: The people of Biglerville and the surrounding territory will have a treat this winter in the lyceum course which is being fostered by the fire company. For a number of winters the Antrim Bureau has operated a course in the town, but the entertainment for this winter promises to excel that of other years.

Joe Harris, Hero Of Series Here: Joe Harris, a right-fielder of the Washington Senators baseball team, visited in Gettysburg on Saturday with Mrs. Harris and her mother, Mrs. W. L. Hepper. The Harrises are enroute to Franklin, Pa., where Mr. Harris will remain for several weeks.

Commenting on the seventh and deciding game of the world series which was lost by the Senators after a bitter struggle, Mr. Harris said:

"Had the day been any where near baseball weather, I feel sure that we would have stopped the Pirates. It was impossible, after the sixth inning, to see the ball leave the bat, from the outfield. We outfielders were forced to watch the infielders. If they turned in one direction, so did the outfielders. The fly ball that went over Goose Goslin's head was lost until it whizzed five feet above the Goose. He failed to see the ball at all. We lost and we have no alibi to offer."

Motorists Like Concrete Road: The detour on the Harrisburg road was removed last Saturday, throwing the road open to traffic. Workmen of the Paul R. Hostelter Construction company, York, were engaged Sunday in filling in the shoulders of the newly-laid concrete and in general polishing the land on both sides of the new stretch, which now gives motorists a hard surface road from Gettysburg to Harrisburg.

Chair Once Used By Lincoln Sold For \$1.10: A chair, said to have been used by Abraham Lincoln, when he visited the home of Judge Willis more than sixty years ago, was purchased Saturday by Thomas Myrick, Breckenridge street, at the Reinwald auction, Center Square, for \$1.10.

Unaware of its value at the time, the purchaser took it home, and removed the rather worn looking cushion which was fastened to the seat of the chair. Beneath the cushion, pasted to the bottom of the chair, was a card which bore the information that the chair had been

## Today's Talk

By GEORGE MATTHEW ADAMS

**GOOD WILL**  
That intangible thing which we know as Good Will is something that has to be reckoned with in the appraisal of anything, whether it be the character of a man or of a business. Many a business may have little money in the bank, but its Good Will may be very great. Take two words representing tremendous Good Will, "Uneda" and "Kodak." Undoubtedly these two trade names could be appraised in millions of dollars.

The reputation of a concern, or its Good Will, is something that no salesman can neglect to consider as he offers the product of the firm for sale. Often it is the salesman! In such a case, how proud should that salesman be to represent such a concern! You see, in considering Good Will, there is a spiritual element that enters—one that many a salesman has failed to discover. When he does, he sells in double fashion.

Every act of kindness, unsolicited, every thoughtful and unselfish act, every unexpected encouragement offered to someone, is what creates an enriched Good Will for the one who makes each possible. That widow in the Bible story, who gave all that she had—two mites—left to the world an example of Good Will that remains immortal.

Every day of our lives we are building Good Will for ourselves, or we are not. We ought to give thought to this fact, for it means both our success in life and our personal happiness. In my youth there was a song that always inspired me. Its sentiment was to "throw out the Life Line." If we are continually doing this, that someone may be rescued or brought to his right self, we are creating Good Will that will serve us greatly in an endless number of ways.

One of the great purposes of the newly organized United Nations is to convince the backward nations of the world, and those who would enslave it, that there is an organized effort to promote Good Will among all nations. It is one of the noblest experiments that has ever been initiated in the history of the world, and its failure would be a world catastrophe. In its triumphant success lies, in Lincoln's words, "the last best hope of earth."

Tomorrow Mr. Adams will talk on the subject: "The Well Nourished Mind"

A little girl of five will leave  
Her playthings strewn about the floor,  
See ashes on her grandpa's sleeve  
And fancy that's what sleeves are for.  
She'll never think to say to him,  
"Why cannot you be neat and trim?"

**AT FIVE A LITTLE GIRL WILL WEAR**  
The garments of a boy with pride,  
Nor give a thought unto her hair  
Or to a shoestring come untied.  
A jelly stain on frock or face  
She won't consider a disgrace.

Local Men Ordained: Felix G. Robinson and J. Harold Mumper, graduates of the Lutheran Theological seminary here in June, were ordained as ministers of the Lutheran church at the 100th session of the West Pennsylvania Synod, which met at Chambersburg during the past week.

At the same time, Ralph C. Robinson, Jacob A. Spangler and A. Raymond Naus all members of the senior class of the seminary here, were licensed to preach.

Social Happenings: Members of the recently organized Campus club, composed of wives of the faculty members of Gettysburg college, were entertained at the delightful tea Tuesday afternoon at the home of Mrs. R. S. Saby, Carlisle street, Mrs. Charles Gauger being the associate hostess. Tea was poured by Mrs. Robert Harper and Mrs. Karl Grimm. The November tea will be held at the home of Mrs. Edward S. Breidenbaugh, with Mrs. John Zinn, Mrs. Allen Dickinson, Mrs. Clyde Stover and Mrs. Shaffer, as assistants.

## CHARGES FLY IN NEW YORK, OHIO POLITICS

(By The Associated Press)

While charges and counter-charges over the Hanley letter episode filled the New York air, Senator Taft (R-Ohio) declared today he is the target of a move to install in Washington "a Labor-Socialist government on the British principle."

Taft said: "The Democratic party is almost completely inactive" in Ohio, and that the campaign against his re-election is being waged almost entirely by the CIO Political Action Committee.

"Ohio is being flooded with literature and propaganda prepared months ahead in Washington, attempting to persuade the people of Ohio that they must eliminate some congressmen who have served their interests for years, and replace them with stooges who will take orders of the labor union bosses," Taft said.

**Says Both Should Quit**  
Democrats, meanwhile, sought to make capital of the letter which Lt. Gov. Joe R. Hanley of New York made public Monday. In it he disclosed he was assured he would be able to pay off his "financial obligations within 90 days" if he consented to seek the Republican Senate nomination.

Hanley had previously been assured the New York gubernatorial nomination. That was before Gov. Thomas E. Dewey changed his mind and decided to seek a third term.

Hanley said last night charges he was paid off to drop out of the race were "a new low in political smears." Amid demands for a grand jury probe of the whole episode, Dewey also denied there was anything irregular.

But Dewey's Democratic opponent for governor, Rep. Walter A. Lynch, called on both Hanley and Dewey to withdraw. "There is nothing else for them in their guilt to do," Lynch said. "If they don't act quickly the anger of the citizenry of the state of New York will force them out."

**Harrisburg, Oct. 18 (AP)—**A Democratic state senator from Northampton county says Gov. James H. Duff is trying to make Pennsylvania Week "a sounding board for political speeches."

Sen. Joseph J. Yosko said in a statement yesterday that Duff, Republican candidate for the U. S. Senate, made "a bitterly partisan attack upon the Democratic national administration at Bethlehem's non-partisan official observance of Pennsylvania Week."

## France Abandons 5th Frontier Post

Saigon, Indochina, Oct. 18 (AP)—France today announced abandonment of the Indochina frontier post of Dong Dang, relinquishing for the second time in 63 years her control of the main invasion route from China.

A French military spokesman said the Dong Dang garrison withdrew yesterday, presumably 15 miles southeast to the French frontier headquarters fortress of Langson.

It was the fifth post the French have given up within a month along the mountainous frontier, stronghold of Moscow-trained Ho Chi Minh's Nationalist Guerillas.

Dong Dang squarely faced the traditional invasion route from China—through the walled Chinese city of Nam Quan (Chinese gate) and a mountain pass. Except for periods of Japanese and Chinese occupation during and just after World War II, France had held the post since 1885.

**Washington, Oct. 18 (AP)—**Delayed by a heavy fog, President Truman landed at Andrews airfield at 10:04 a.m., EST, today to end a week's flying trip to the Pacific.

Mr. Truman's plane, The Independence, was shifted at the last moment from fog-bound National airport to the air force base, 12 miles away in Maryland.

## PHILADELPHIA CHIEF OF VICE SQUAD SUICIDES

Philadelphia, Oct. 18 (AP)—The suicide of Philadelphia's vice squad

chieftain, coming in the midst of a bitter political campaign and while a federal grand jury probed crime in the Quaker City area, produced plenty of questions today—but no answers.

Craig Ellis, 51, head of the vice squad for 10 years, shot himself to death on a lonely hill near Media yesterday. He left a suicide note which said:

"I have failed as a leader. My wife did not know of my laxity. I suppose my pain has made me mad. I pray God will help any I may have caused regrets."

**Not Linked With Prole**  
What Ellis would have told the jurors investigating a multi-million dollars numbers bank here will never be known. City authorities, however, declared their belief that the investigation had nothing to do with Ellis' death.

Howard P. Sutton, police superintendent, said Ellis had suffered from cancer and that he surmised it was to that fact that he referred when he mentioned "pain" in his

## Two Minesweepers Sunk By Mines

Washington, Oct. 18 (AP)—Two more navy vessels, the minesweepers Pirate and Pledge, have been sunk by mines in Korean waters.

Announcing this yesterday, the navy placed the toll at one dead, 12 missing and 79 injured. That note.

Ellis' death was the fourth suicide of a Philadelphia official since a widespread investigation, involving several grand juries, was launched two and a half years ago.

**Political Repercussions**  
Mayor Bernard Samuel said Ellis was "an outstanding officer" and "I have always had high regard for him." Samuel Rosenberg, director of public safety and Ellis' superior, said the vice squad leader "was doing a good job."

The death is expected to have political repercussions. Richardson Dilworth, city treasurer and Democratic candidate for governor had no immediate comment on Ellis' death but he has said time and again that there is much corruption and graft in official circles.

Philadelphia and Pennsylvania long have been controlled by Republicans, Democrats, led by Dilworth, have hit at corruption in this city as one of their principal campaign issues. It was largely on this issue that Dilworth was elected city treasurer in 1949.

brought total announced casualties due to mine explosions to 12 dead, 36 missing and 96 injured.

The navy said the Pirate and the Pledge were sunk October 12 off Wonsan, North Korean port recently captured by South Korean forces. The navy previously had announced that the destroyers Brush and Mansfield were damaged by mines in late September and the minesweeper Magpie sunk October 1.

The Pirate had 39 injured and six missing; the Pledge suffered one dead, six missing and 40 injured. The navy said the two 185-foot vessels struck separate mines about six minutes apart while clearing

## York Springs Physician Uses Short Wave Radio Set To Save Time, Miles

When a fire breaks out, it is very often the first few minutes that determine whether the firemen will make a good "stop" or whether spreading flames will result in heavy property damage and even loss of life.

In the medical profession time is also "of the essence" in many instances, but unlike burning buildings, which can be rebuilt, a human life once lost cannot be replaced.

Fourteen miles north of Gettysburg in York Springs, a country doctor is employing short wave radio to save time. It saves his own, and what is more important, in at least one instance, it has saved a life.

**In County 11 Years**  
The "medico" is Dr. William E. Flickinger, former Hanover resident who has been practicing in Adams county for the past 11 years.

Dr. Flickinger installed a General Electric short wave broadcasting set in a second floor bedroom in his big white house on Main street in York Springs six months ago, and another short wave set in his automobile.

Today he says: "I'd rather go back to a horse and buggy than do without radio."

**Covers 26-Mile Radius**

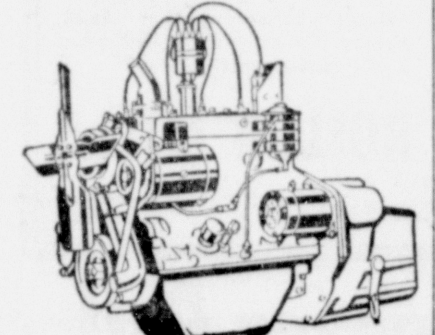

His was the first short wave radio, so the General Electric told him, to be used by a practicing physician in the performance of his daily calls and emergencies, anywhere in Pennsylvania. Radio has been used in ambulances, but not, so far as Dr. Flickinger knows, by other physicians.

Dr. Flickinger's setup is identified by the Federal Communications commission with the call letters and numbers "KGA 599." It operates on a wave length of 47.62 megacycles on 50 watts' power.

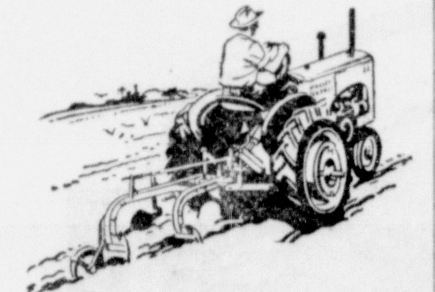

With the installation in his automobile Dr. Flickinger can be contacted for emergency or routine calls from his office in York Springs, via the bedroom radio set, within a radius of 26 miles.

## PREMIUM LIST PUBLISHED FOR '51 FARM SHOW

With publication last week of the premium list for the 1951 Pennsylvania Farm show, State Secretary of Agriculture Miles Horst said attention of farmers and exhibitors is beginning to center on the special anniversary event scheduled for next January 8 to 12 inclusive.

The premium list provides for a record total of \$54,476 to be awarded place winners in competitive farm exhibits and contests.

The coming Farm show will celebrate the 100th anniversary of the first state fair, it will be the 35th in the series of shows started in 1917, and it will be the 20th anniversary of the dedication of the present main Farm show building.

Operated by and for the farmers

of the Commonwealth since its founding in 1917, the 35th Pennsylvania Farm show takes an added color and significance through the double anniversary. Secretary Horst said. "More than 20,000 attended the first state fair that occupied 15 fenced-in acres along the Susquehanna river at Harrisburg about half a mile from the present Farm show building, October 29-31, 1917; more than 500,000 will visit the 1951 Farm show, coming from many other states and foreign countries."

For the 1951 Farm show, features include return of the full line farm machinery displays after an absence of one year, the largest livestock display and a record number of other competitive exhibits of outstanding farm crops, poultry, and handwork of farm women, and the achievements of farm boys and girls.

The Farm show is the Pennsylvania farmers' own exposition, a "Pennsylvania Week" for agriculture. It is designed to demonstrate the importance and great diversification of Pennsylvania agriculture.

13th in the nation in the value of farm products. There will be scores of contests and activities plus annual meetings of more than 20 state-wide farm organizations. Evening programs include demonstrations of skills in horsemanship by the Pennsylvania State Police, a Rural Talent festival built on the anniversary theme, state championship contests in horse pulling, horseshoe pitching, log sawing and sheep shearing.

**Over 54,000 In Prizes**  
The 35th Farm show will have available 570,000 square feet of floor space, nearly 60 times that occupied by the first show. Premiums have increased from \$735 at the 1917 show, to \$54,476 offered at the 1951 show in the following 24 departments:

Horses, \$3,650; sheep, \$4,337; swine, \$2,947; beef cattle, \$8,138; dairy cattle, \$15,511; dairy products, \$202; corn, \$511; small grains, \$270; potatoes, \$345; tobacco, \$258; apples, \$1,929; edible nuts, \$213; vegetables, \$556.50; maple products, \$185; apiary products, \$812; wool, \$190; eggs, \$486; poultry, \$9,008; dressed turkeys, \$120; baby chicks, \$144; home economics, \$2,460.50; horseshoe pitching contest, \$65; log sawing contest, \$75; sheep shearing contest, \$65; 4-H potato grading contest, \$109; State school demonstration contest, \$600; state contest of school exhibits, \$750; horse pulling contest, \$500.

COMMITTEES FOR PLAY ARE MADE KNOWN

Committees for the production, "Too Many Relatives," to be presented November 3 at the South Mountain Fair grounds Memorial auditorium by the Arendtsville Volunteer Playmakers Guild were announced today by David Houck.

Practices for the play have been held for a number of weeks with the group meeting three nights a week to perfect themselves in the parts. The cast will meet again tonight at 8 o'clock at the auditorium for another practice of the three-act comedy.

Named to the committees are: ticket sales, Mrs. Ruth Trostle, Mr. and Mrs. Arthur Roth and Mr. and Mrs. Ernest Robert; property, Mrs. Glenn A. Bream, Walter Frederick and David Bushman; stage, Arthur Deardorff, William Carey, Luther Lady and Glenn A. Bream; prompters, Evelyn Orner and Elaine Taylor; make-up, Fred Pfeffer, Mrs. Mildred Heckenluber and Mrs. Emma Cooley.

**First Of Series**

The play will be the first production of a series of three to be held this year by the playmakers.

Now in the fourth year of its existence, the playmakers guild intends to continue the practice it has carried out during the past three years of presenting two plays and an operetta during each winter season.

While the second play for this winter and the musical have not yet been selected, Houck said today that attempts are being made to secure the script of an Arendtsville written operetta which was given about ten years ago and proved highly popular at that time. If the script can be found the group will consider putting on the "home-grown" musical as its operetta presentation this winter.

Members of the cast for the show "Too Many Relatives" include Ned Walter, Miss Betty Hartzell, Clyde Allison, Mrs. Anna Allison, Harold Travis, John Stover, Mrs. Madeline Stover, Mrs. Evelyn Price, Mack Raffensperger and Mrs. Nancy Guise.

**"HARVEST HOP"**

**ON OCTOBER 27**

A "Harvest Hop" combining both the Halloween idea and the "end of the harvest season motif" will be presented by the South Mountain Community and Fair Association Friday evening, October 27 at the Memorial auditorium on the fair grounds near Arendtsville.

Arnold Orner, president of the fair association, said that Bill Jones orchestra from Gettysburg will provide the music and free apples and cider will be furnished those attending.

Any sort of costume will be appropriate from business suits, through blue jeans, and if anyone wants to dress up in Halloween style that will be all right, too, Orner noted.

Admission will be 50 cents per person and the association hopes that a good crowd will gather for a "good time marking the end of the harvest season." The dance was decided upon when the Arendtsville fire company decided to abandon plans for another Mardi Gras this year.

The fair association also announced two future events at the Memorial auditorium. Blue Baron's orchestra will present a dance there November 15 and on November 29 the U. S. Army Air Force band will present a concert.

Control thrips—One way to control thrips on gladiolus corms is to dust them with DDT when they are stored for the winter, explains J. O. Pepper, extension entomologist of the Pennsylvania State college. Use 1 ounce of 5 per cent DDT dust to each bushel of corms, 1 teaspoon for 100 corms treated in a paper bag.

Make compost pile—Don't burn those fallen leaves. They can be put in the compost pile to make much-needed organic matter for the garden, say Penn State extension vegetable specialists.

Bike Window Has Display Of Fruit

Adams county's Fruit Growers association is taking part in Pennsylvania Week with an educational display of apples placed in the window of the office of Philip R. Bickle, on Baltimore street in Gettysburg.

Arranged by Nelson Weber, Biglerville, secretary-treasurer of the organization, the display includes five baskets of apples, arranged to show how various types of apples are adapted to different uses, some being best for baking, others for eating and some being both eating and baking apples.

The front of the display has the word "Adams" outlined by yellow skinned apples placed within a background of red apples.

The apples were provided by various members of the fruit growers association.

SEES NARROW MARGIN FOR CATTLEMEN

Adams county's cattle feeders are in a quandary about whether to continue feeding steers for another year, A. B. C. Williams, York Springs, who has been raising cattle for the past 20 years, said today.

In a talk recorded for presentation over Radio Station WGET on Thursday at 12:15 o'clock, Williams said that conditions are such in the cattle market that feeders will be operating on the narrowest margin in years.

High prices last year reduced the stock on the western ranges to such a low level that the cattle raisers there, from whom Adams countians generally purchase their steers for feeding, are holding onto their stock for breeding purposes.

At the same time, he noted, the midwestern farmers who fear they may have much soft corn on their hands are buying cattle to be fed by the corn as a hedge against possible loss in connection with the corn crop.

As a result eastern and midwestern farmers are bidding against each other for feeder stock and the price of such stock has been rising rapidly, Williams said, and many countians are fearful of the ever narrowing margin between the amount per pound that must be paid for feeder stock and the amount per pound that can be secured for the animals when they are sold for meat.

Williams, a director of the Lancaster Producers Livestock cooperative, feeding at present 57 steers on pasture and 35 on grain, urged growers to continue in the cattle business, noting that "there will always be a place for prime beef" and adding that "the only way to make a profit in cattle is to continue year after year in the business, taking the losses as well as the profits."

ever it is needed around the farmstead, says Joseph McCurdy, extension agricultural engineer of the Pennsylvania State college. Good wiring also permits the electrical equipment to operate well at rated capacity.

UPPER COUNTY PROGRAMS ARE TO BE ON AIR

Upper Adams county will be "on the air" twice this evening, and again on Thursday evening.

The special every other week Upper Adams music program will be presented over Radio Station WGET this evening and again Thursday evening from 8 until 9 o'clock.

In addition, Upper countians will appear on the Pennsylvania Week programs this evening and Thursday evening at 6:15 o'clock over WGET.

**To Give Dutch Receipts**

Biglerville residents will join with East Berlin residents for a "Pennsylvania Dutch Recipe" program honoring Pennsylvania Week on Thursday.

This evening the Pennsylvania Week program will feature residents of Arendtsville and Cashtown.

The Arendtsville representatives on this evening's Pennsylvania Week program will include Miss Jean "Blaugh," who will sing "The Roseary" and a selection by Stephen Foster, and members of the Arendtsville Playmakers Guild, who will put on a skit.

**Children To Sing**

David Houck said this morning that the skit scheduled for presentation by the Playmakers Guild is a five minute sequence from the play "Too Many Relatives," to be presented by the guild November 3, at the South Mountain fairgrounds auditorium.

In the episode an ardent girl seeks to get her bashful boy friend to propose and he finally flees to escape. Taking part in the production will be Herbert Bryan, who will act as the announcer; Evelyn Price, Mack Raffensperger and John Stover.

From Cashtown Mrs. Dorothy Thomas will bring about a dozen school children to present several Stephen Foster selections.

PTA OFFICERS MAKING PLANS

Officers of the Upper Adams Parent-Teacher Association met Tuesday night at Biglerville and drew up a schedule of meetings for the fall and winter.

Those attending the meeting were J. P. Kanagy, president; Robert Burkhardt, vice president; Mrs. Garnet Coble, secretary; and Mrs. Helen Snyder, treasurer.

The first meeting scheduled will be held November 15 in the form of a social for parents and teachers. The planning committee is composed of Francis Coulson, Mrs. Harold Smallwood, Mrs. Harold Steiner and Earl Crum.

A speaker will be engaged for the January 15 meeting, and on March 8 pupils will participate in the program, under the direction of Prof. Charles L. Yost and Francis Coulson.

A committee composed of Cyrus Bucher and Elmer Yoder will arrange a debate on a community subject for the April 14 meeting.

Two visiting committees were appointed. The elementary committee, composed of Rev. Arde Dorsey and Mrs. Robert Burkhardt will report January 18 and the secondary visitation, Mrs. E. B. Romig and Harry Geiselman on April 19.

# PENNA. SPECIAL ATTRACTS WIDE ATTENTION ON STATEWIDE TOUR

Williamsport, Pa., Oct. 13 (AP)—Almost everybody admires a railroad train, and one of the slickest and shiniest of them all is attracting a lot of attention as the Pennsylvania Week special.

It's an eleven-car string of the newest and best types from five railroads and even the equipment wears a Keystone state label. All of the cars, and most of the engines being used to pull them on this 1,248-mile journey around the state were made or modified within Pennsylvania.

Everywhere the train has been on the first days of the trip, it has shared attention with the collection of notables aboard, also proclaiming the industrial advantages of Pennsylvania.

**Gasps, Whistles, Applause**

Maybe it doesn't draw the gasps that greet movie star Alexis Smith; or the wolf-whistles that have become the customary welcome for Miss Pennsylvania, blonde Emilie Longacre, of Phoenixville. Certainly nobody laughs at the train as the crowds have at the antics of Ezra Stone—radio's Henry Aldrich—who is master of ceremonies, or Slim Bill McDaniel, the "Ambassador" from Texas.

And up to now, most of the handshakers along the tour have been seeking out Gov. James H. Duff.

But, as noted above, almost everybody admires a train, and you only need to look out the passenger car windows to prove it on this trip.

A high school football team stopped practice in Bucks county to watch the Pennsylvania Week special roll by. Near Lancaster, bearded Amishmen turned from their fields to see it.

**Mostly Diesels**

Steelmakers, their wives, and kids, filed through the train in a two-hour long stream during a public exhibition at Bethlehem. Miners stood atop rock dumps in the anthracite fields and unclothed housewives and children in towns along the route took time out just to see the train.

Officials of the five cooperating railroads, who are footing the entire bill for the train's trip, are convinced it is an excellent promotion investment.

Start right up at the front end: Most of the locomotives so far have been Diesels, made or modified in railroad shops in the Keystone state, so are the steam locomotives that do the rest of the work.

Back of them are a cabin car—caboose that is—a coal car and a box car. Even the caboose is glamorous, with its shiny interior appointments and direct telephone to the train crew.

**Latest Word In Trains**

Immediately behind the commercial cars is a flatcar decorated in gold and blue and used as a stage at the various stops. Then there's a reclining seat coach, and two sleepers with individual bedrooms.

The diner is heavily carpeted, has gay yellow leatherette upholstery and the last word in food service arrangements. Back of it comes another sleeper with 22 individual roomettes, another reclining seat coach, and the glass-enclosed observation lounge car.

Every one of the passenger units is air conditioned, has the most

## Six Tons Of Sloth Bones Being Repaired

Washington, Oct. 13 (AP)—Six tons of fossil bones of a giant ground sloth extinct since about the end of the ice age are being cleaned and repaired at the Smithsonian institution.

Announcing this today, the Smithsonian said experts will attempt to reconstruct a complete skeleton of the sloth for display in Washington and will return the rest of the fossil bone collection to Panama, where it was dug up.

The sloth, of about the bulk of an elephant, once ranged from Argentina to the southern United States, the Smithsonian said, but until the recent expedition to western Panama no complete remains had been recovered outside Argentina.

The animal, called megatherium, walked on the sides of its feet, the Smithsonian said, "and must have been an awkward, slow-moving creature."

## Three Americans Died In Plane Crash

London, Oct. 13 (AP)—Three Americans instead of two were among the 28 persons killed in last night's crash of a British European Airways plane, the airline announced today. Earlier it had reported only two American casualties. The third was identified as Max Jacobson of Pittsburgh, Pa.

Only one person—the steward on the twin-engine Dakota—survived the crash into the backyard of a north London home.

The other American victims were listed as U.S. Air Force Lt. Thomas Karr and his wife. Their home address still was being withheld. Karr was stationed in the Azores. The couple was enroute to Glasgow, Scotland, to visit a friend.

modern appointments, shiny stainless steel and chrome trim restful decorator color schemes.

Each of the railroads—the Pennsylvania, Reading, Lehigh Valley, New York Central and Baltimore and Ohio, picked the cars with the thought of placing their best seat forward.

There'll be more attention for the train today in scheduled stops at St. Mary's, Kane, Warren and Titusville, before the overnight halt at Oil City where the train will be open to the public for two hours.

Tomorrow's timetable mentions Kittanning, New Kensington, Canonsburg and Washington along the way to Pittsburgh.

Canada has never adopted an official flag.

### MENCKEN STILL SERIOUS

Baltimore, Oct. 13 (AP)—The "Sage of Baltimore"—H. L. Mencken—remained today in critical condition, near death, at Johns Hopkins hospital. The 70-year-old author, critic and newspaperman suffered a severe heart attack last Thursday. Doctors said yesterday he was not expected to live.

## RADIO

New York, Oct. 13 (AP)—The technique of a singing introduction to a television show is getting wider and wider use, from duets to quartets and larger groups.

Lately almost every new show has introduced itself by this method in one form or another. Its origination goes back to the earlier days of the former Broadway revue, Milton Berle, Ed Sullivan and Cavalcade of Bands and still is used by the last three.

The list is one program longer by the addition of the newest version of the Arthur Murray show just transferred to Dumont from ABC-TV, which also has a singing opener. It runs an hour, 30 minutes more than before.

The show is a mixture of guests, professional dancing and dancing lessons, with Mrs. Arthur Murray as the center-of-the-stage hostess. Her style, while it may lack the suave-ness of the professional Mc, none-theless is gracefully apt for the type of presentation.

On the air tonight (Wednesday): NBC-8 Halls of Ivy; 9 Groucho Marx Quiz; 9:30 District Attorney; 10 Big Story.

CBS-8 Mr. Chameleon; 8:30 Dr. Christian Drama; 9:30 Bing Crosby. ABC-3 Doc I. Q. Quiz; 9 Detour Drama; 9:30 Charles E. Wilson addressing Auto Old Timers.

MBS-8 Hidden Truths; 8:30 Airport drama; 9:30 Fibber and Molly, guests of Family Theater.

Radio and television—CBS and C&O-TV 10 Boxing, Tony Pelonne

vs. Charley Fusari.

Television: NBC-9 TV Theater. "Old Lady Robbins"; 10 Break the Bank. CBS-8 Godfrey's Hour; 9:30 The Web. ABC-7-30 Chance of Lifetime; 9 Don McNeill club. Dumont-9 Jury Trials; 9:30 Plainclothesman.

## NAB WOMAN IN EMBEZZLEMENT

West Chester, Pa., Oct. 18 (AP)—Arrested as she left Chester County hospital where she had been a patient, a 30-year-old woman was charged with embezzling \$42,900 of her employer's funds to "play the horses."

Louise Higgins, of nearby Kennett Square, was accused of taking the money from the Kennett Equipment and Machinery Co., of which she was the \$55-a-week assistant treasurer.

Justice of the Peace Lewis Downing ordered her committed to Chester county Jail Monday in default of \$10,000 bail on charges of forgery and fraudulent conversion.

Miss Higgins was admitted to the hospital three weeks ago for an appendectomy. Her attorney, John H. Hoffman, said she had a blood transfusion four days ago and still was a "sick woman."

County Detective Francis Grubb said he delayed making the arrest until Miss Higgins' release from the hospital.

Hoffman said Miss Higgins signed a statement admitting she cashed company checks of from \$50 to \$100 to pay off racing bets made with a Kennett Square bookmaker at various times in the last three years.

Hoffman quoted her as saying it was the custom of company officials to countersign blank checks for her convenience in making the firm's disbursements. She would draw these checks to her own order or to the order of other employees, have them indorsed and cash them to meet her gambling debts, the at-

## East Berlin

East Berlin—Special celebration took place on Sunday at the Paradise Rectory by the Sisters of St. Joseph who have charge of the boys there, the day being the 300th anniversary of the founding of their order. The Blessed Sacrament was exposed in the chapel throughout the day, following the 7 o'clock Mass, until Benediction was conducted at 5 p.m. and attended by boys, sisters, parishioners of Paradise Catholic church, and visitors.

The Girl Scout troop of Paradise Catholic parish, organized last spring, will meet, each Saturday from 3 to 5 P.M. in the social room of Paradise Rectory.

Mrs. J. L. Rea has returned to her Scranton home after visiting her relatives, Mrs. Curtis W. Deatrick and Miss Ruth A. Deatrick, R. 2.

Parishioners of Paradise Catholic church are requested to devote Sunday, October 22, to special prayer for the mission work by Catholic missionaries throughout the world, in addition to special remembrance in prayer, an offering will be received for the support of the missions. It has been announced that the Rt. Rev. Msgr. Fulton J. Sheehan of the Catholic University in Washington, D. C., well known for his addresses during Lent over the radio's Catholic Hour, has been named national director of the Society for the Propagation of the Faith.

Preparations are being begun to conduct a sauerkraut supper for the benefit of Paradise Catholic church.

torney quoted Miss Higgins as saying.

Ralph Wood, company vice president, who obtained the warrant for her arrest, said the shortage was discovered by an outside auditor.

In November. Each parishioner is requested to contribute work or materials or both.

Miss Elizabeth Delone, R. 1, spent the past week in Baltimore where she attended an alumnae reunion of the Visitation academy.

The East Berlin Fish and Game association conducted a public shooting match at the Ellis Dubbs farm, northwest of town, Sunday afternoon.

Boy Scouts from the troop of Paradise Rectory expect to be among those attending dedication ceremonies for Catholic Boy Scouts on Sunday at Harrisburg.

Mr. and Mrs. Cleon Zeigler, north of town, recently marked their golden wedding anniversary.

Johnny Balek, six-year-old son of Mr. and Mrs. Balek, R. 1, is able to be about although still suffering from a large cut on his head sustained when he was struck by a swing about two weeks ago.

Sunday was marked as "Cash Rally" Sunday by the congregation of Holtzschwamm Reformed church, near town, with a good attendance.

The two children of Mr. and Mrs. James P. Simmons, and a son of Mr. and Mrs. Henry T. Doherty, all of near Germany schoolhouse, have been entered in the Paradise Parochial school.

Women of the Paradise chapter, National Council of Catholic Women, have been sorting clothing contributed during October for

## Turpentine Bottle Sets Fire To Porch

Holtwood, Pa., Oct. 18 (AP)—Farmer Robert McKinley didn't need a thermometer to tell it was hot in Holtwood Monday.

McKinley reported the sun's rays heated a bottle of turpentine standing in a carton box on his porch. The turpentine reached the flaming point and the box caught fire.

Charles Miller, a rural mail carrier, spotted the fire and tossed a bucket of water on the bottle, the cool water cracked the bottle and the \$55-a-week assistant treasurer, the porch.

shipment to war victims overseas.

Miss Bettie M. Tierney was a visitor during the week to the Hanover home of Mrs. Elizabeth K. Smith and Mrs. Charles J. Delone.

Local school children have been going in groups to the office of Dr. Allen W. Kelly, physician, for annual physical examinations.

"Second Chance," a motion picture with a sacred subject, was shown Sunday evening at Zwingli Reformed church.

## HEAVY MILITARY AID FOR FRANCE

Washington, Oct. 18 (AP)—High U.S. officials said today that France is likely to get up to \$6,000,000,000 in American military aid during the next three years.

An American plan to allocate up to \$2,400,000,000 of existing funds to the French is just "a first installment," these officials said.

Additional billions will be needed if France is to build up an army of at least 20 divisions by the end of 1952. This reportedly is one of the goals set by military planners to help strengthen western Europe against communism.

President Truman and Secretary of State Acheson have put Congress

Sensitive skin. "Noxzema is a wonderful cream for my sensitive skin," says lovely Mrs. Connie McDermid. "I use it at least three or four times every day—and as a make-up base and night cream. It feels so refreshing while it helps protect my skin!"

"Soft, smooth and glowing" describes the complexion of Toby Robins, beautiful Toronto radio and stage actress. "I count on Noxzema to help keep it that way," she says. "This fine, greaseless cream is especially well suited to my every need!"

## NEW HOME FACIAL

Developed by a doctor!  
Read how to look lovelier in 10 days... or money back!

No need for a lot of elaborate preparations. With one cream, you can cleanse... help protect... and help heal! The secret is a marvelous new Home Facial, using only greaseless Noxzema. Daily use of this famous medicated formula—a unique oil and moisture emulsion—can help bring you lovelier-looking skin in 10 days—or your money back.

**Here's all you do**

**Morning—Step 1.**—Apply Noxzema over face and neck. With a damp cloth, "creamwash" just as you would with soap and water. Rinse. "Creamwashing" cleanses so thoroughly. Noxzema even smells clean!

**Evening—Step 3.**—At bedtime, "creamwash" again with Noxzema. How clean your skin looks! How fresh it feels! See how you've washed

away make-up, the day's accumulation of dirt and grime—without harsh rubbing!

**Step 4.**—Now, lightly massage Noxzema into face and neck. Pat a little extra over any blemishes. While you sleep, Noxzema helps heal them—helps your skin look softer, smoother, too. And it's greaseless! No "smokey" face or messy pillow!

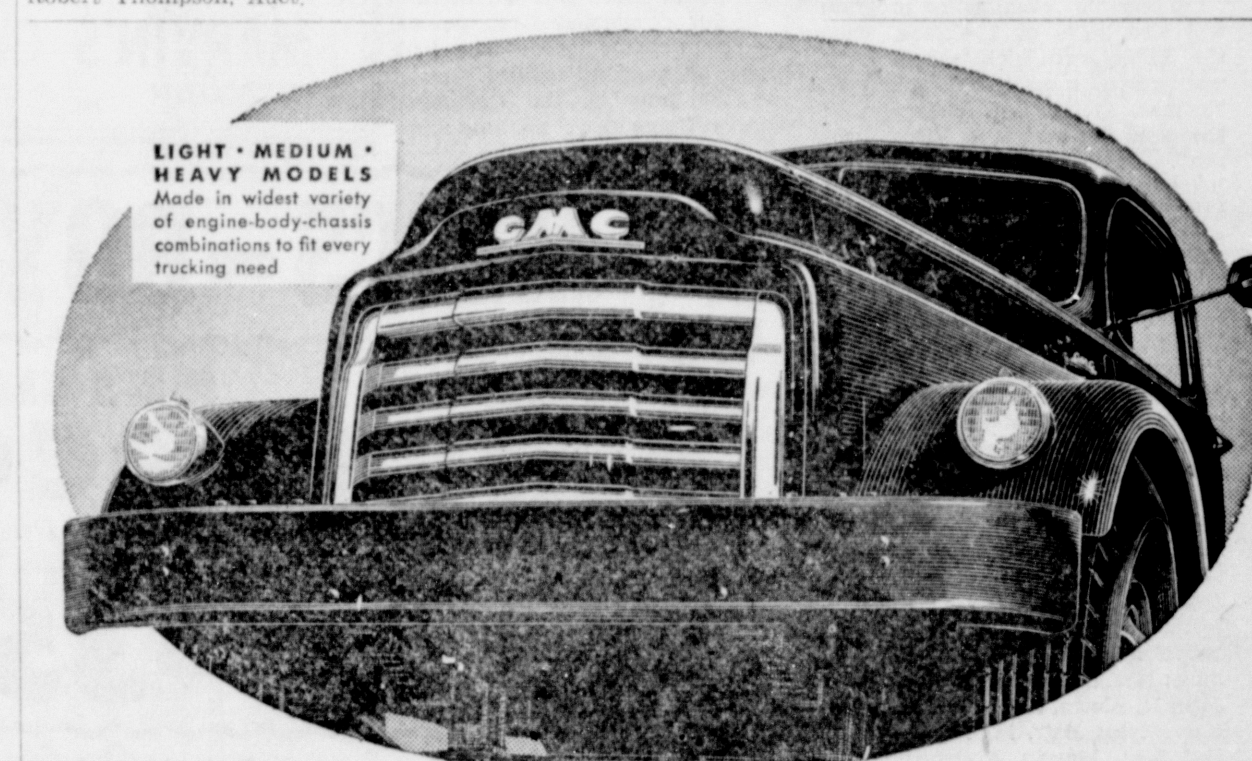

A skin doctor developed this new Noxzema Home Facial. In tests on 181 women, 4 out of 5 showed lovelier-looking skin!

**Money-Back Offer!**

Try the new Noxzema Home Facial for 10 days. If your skin doesn't show real improvement, return the jar to Noxzema, Baltimore, Md.—your money cheerfully refunded. But you will be delighted with results!

**Special!** For a Limited Time Only you can get the big 85¢ jar of Noxzema for only 59¢, plus tax, at any drug or cosmetic counter—half again as much for your money as in the Small size! See if Noxzema's new Home Facial doesn't help your skin look lovelier—in 10 days!

**Think twice today when you buy a truck!**

THAT new truck you're considering may have to last a long time. So you'll be wise to look at a GMC for these important reasons:

GMC's are built by the world's largest exclusive manufacturer of commercial vehicles—with the broadest truck engineering experience.

GMC's are real trucks. Engine, transmission and frame, as well as cab and axles, are all specially truck-built to give you longer service.

GMC truck-built engines have high horsepower with higher sustained torque—greater pulling power. They are built to give extra years of service with less maintenance.

GMC extra-value features include Synchro-Mesh transmission, Tocco-hardened crankshaft, full-pressure lubrication, recirculating ball-bearing steering gear, air-plane-type bearings and Lifetime Weather-sealed cabs as standard equipment on practically all models from 1/2 ton up.

That's why more truckers are buying GMC's today than ever before—experience proves them best in the long haul!

# 54 Business Places Cooperating In Keystone Days; To Be Open Evenings

## Local Merchants Plan For Keystone Days As Special Pennsylvania Week Events

Littlestown Keystone Days are being observed on Friday and Saturday, October 20 and 21, by the merchants of Littlestown in support of Pennsylvania Week. For these days the merchants of the community are running special ads in the newspaper and conducting sales in their stores. Keystone Days are sponsored by the Littlestown Chamber of Commerce.

Samuel H. Hightmower, president of the local Chamber of Commerce, said: "Keystone Days are the first sales events of the fall season. We adopted the slogan 'Keystone Days' because the Keystone is symbolic of Pennsylvania, the Keystone state." There are 54 cooperating merchants, which are listed elsewhere in this edition.

While Keystone Days proper start on Friday, some of the merchants will begin their specials on Thursday.

**To Observe Special Hours**  
"To give the many people an opportunity to take advantage of Littlestown Keystone Days when they come to town, at night, to view the Pennsylvania Week Farm exhibits and needlework exhibits in St. Aloysius hall," Mr. Hightmower said, "special store hours are being observed on these days. All stores will be open on Friday until 9 p.m., and on Saturday until 10 p.m."

All of the Pennsylvania Week committees met on Tuesday evening at the Littlestown State bank to further the plans for the local observance. It was announced that St. Aloysius hall will be open on Friday evening at 6 o'clock and on Saturday from 1 p.m. on, for the public to view the exhibits which will be placed there on display by the citizens of Littlestown and vicinity. Exhibits will include farm products, needlework, canning, baking and handicraft. Encouraging reports were heard from the exhibit committees and the finance committees.

On Friday evening the program will begin at 8 o'clock. It will include the introduction of the Pennsylvania Week committees with Samuel H. Hightmower, president of the Chamber of Commerce, the sponsoring organization as the master of ceremonies. A vocal duet will be rendered by the Misses Sieglinda and Ladvia Miller, Jefferson, and the guest speaker will be M. T. (Dutch) Hartman, Adams county farm agent, and Ira N. Dunmire, assistant county agent.

**To Judge Thursday**  
On Saturday evening the program will also begin at 8 o'clock, when the Littlestown high school band will present a concert. Edmund W. Thomas, Gettysburg, chairman of the area Pennsylvania Week committee, and Miss Louise Frazier, home economics representative for the Manufacturers Light and Heat company, Gettysburg, will be the guest speakers.

The farm exhibits will be judged on Thursday afternoon by Henry Breggren, extension agronomist from Pennsylvania State college. The needlework and other exhibits will be judged by Miss Mary Jane Micokey, county home economics extension specialist, and Miss Louise Frazier. Charles E. Ritter is general chairman of the Pennsylvania Week committees, which include: Farm products exhibit committee: Holman L. Sell, A. W. Schott, Robert Harmon, Irvin Kindig, James Strevel and Harrison Snyder; needlework exhibit: Mrs. Charles W. Weikert, Mrs. John R. Bloom, Mrs. William Lippy, Mrs. Cletus Bair, Mrs. Emory Gitt and Mrs. Marvin Breighner; hall and decorating: William V. Sneringer, Rodney L. Law, Paul R. Snyder and Kenneth Halter; town decorations: Stanley B. Stover and Clarence L. Schwartz, Sr., and finance: Chester S. Byers, Theron W. Spangler and John R. Bloom.

**Pennsylvania**  
Fourteen year old Judy Wisler, Norristown R. 3, wrote the following poem about Pennsylvania, "PENNSYLVANIA" by Judy Wisler  
Pennsylvania land of trees,  
Dark blue skies and fragrant breeze,  
More lovely than all foreign land,  
Than all the ocean and the sand.  
With coal to drive the winter's chill  
And oil to run the largest mill,  
With Amish men on a carriage seat  
And beautiful girls on Chestnut Street.  
With Rittenhouse the man of stars  
And Gettysburg with battle scars,  
With steel to build the largest bridge  
And mountain pass and towering ridge,  
If I could travel the whole world o'er  
Look and search 'til I find no more,  
I know I would find-soon or late-  
As much or more in our "Keystone State."

put, the total value of Pennsylvania's manufacturing products reached a new level of more than 15 billion dollars a year.

Included in the over-all total of the Commonwealth's 1945 out-put of manufactured products were metals and metal products valued at near 6 billion dollars. Turning again to peacetime goods with the cessation of hostilities, Pennsylvania's manufacturing pro-

### Penn's Woods Noted For Agriculture

Its fertile farm lands make Pennsylvania one of the greatest agricultural states in the Union. Our rural population is the second largest in the nation. Investment in

agricultural industry amounts to more than 2 billion dollars. Our state has 15,019,675 acres of farm land and 77 per cent of its 171,761 farms are operated by their owners. Cash receipts from farm marketings in 1948 were \$824,011,000, not including government payments. Pennsylvania leads the nation in production of buckwheat, cigar leaf

tobacco, mushrooms, volume of milk retailed by farmers, and in farm cash income from poultry and eggs. Of the first ten poultry counties in the United States, three are in Pennsylvania.

Philadelphia, Oct. 18 (AP) — Dr. Ralph Bunche, 1950 Nobel Peace Prize winner and former United

Nations mediator in Palestine, has been named to receive this year's Philadelphia Citizen's Award. The award, to be designated the Diamond Cross of Malta, will be presented to Dr. Bunche at the annual Christmas Cotillion December 29, at Convention Hall.

A vast body of water that lay over the central U.S.-Canadian border area in prehistoric times is called Lake Agassiz by scientists after the geologist who deduced that it existed. Only about three per cent of Egyptian land is cultivated.

### State Known As Workshop Of World

Industrially, Pennsylvania's fame as a leader is worldwide. Its reputation as the "Workshop of the World" began when its steel, coal, gas, and oil pioneered many of America's modern industries, and endures today because industrial Pennsylvania continues as a leader in supplying much of what the remainder of the world needs in peace and in war. The State ranks first in the nation in fifty important industries. It produces more power and power sources than any other state, or than any pre-war nation except Great Britain and Germany.

Its manufacturing industry is diversified. Nearly every one knows this state leads the nation in the production of such heavy materials as steel, pig iron, coal, stone, cement and coke. It is not as well known that it also produces more shirts, hosiery, silks, ice cream, cigars, chocolate, needles, pretzels, glass, lubricating oils, lace goods, and rayon. A wide variety of other products also is made in the state's 19,000 manufacturing plants.

In mining, the state also is a leader. It ranks first in coal production, and digs ninety-nine per cent of all anthracite mined on the continent. Its 1948 production was 132,550,000 net tons of bituminous and 59,109,000 net tons of anthracite. The petroleum industry was born in Pennsylvania, in 1859, and Pennsylvania Grade continues today to rank as the world's highest quality lubricant. More than 1,000,000 tons of iron ore are taken each year from the great Cornwall open-cut mine which has been in continuous operation for 200 years.

### Arsenal Of Defense Widely Acclaimed

Pennsylvanians traditionally are prone to take things for granted where the great Commonwealth of Pennsylvania is concerned. Toward the end of World War II, many of them probably came closer than ever before to realizing fully what can be accomplished in and by Pennsylvania. By that time, the strength of the Commonwealth's seemingly limitless industrial, agricultural and man-power resources had been mobilized and the miracle of all-out conversion from peacetime to wartime production had become an amazing reality. At the peak of the Commonwealth's tremendous wartime out-

## MISS MYERS IS BRIDE SATURDAY

Miss Helen V. Myers, daughter of Mr. and Mrs. Lester H. Myers, Littlestown R. 1, became the bride of Robert W. Klunk, son of Mr. and Mrs. Francis A. Klunk, New Oxford R. 1, on Saturday evening at 5 o'clock in the rectory of Sacred Heart parish, Conewago Chapel. The ceremony was performed by the Rev. Fr. Harold E. Keller, pastor of the parish and pastor of the groom, in the presence of a number of relatives. They were attended by Mr.

and Mrs. Paul H. Klunk, brother and sister-in-law of the groom. The bride was attired in a white satin brocade dress trimmed with black. She wore a black velvet hat and other black accessories and a corsage of red roses with white stephanotis. The matron of honor was attired in a blue dress with black accessories and a red rosebud corsage. Following the ceremony, the couple left on a week's wedding trip of unannounced destination. Upon their return, they will go to house-keeping in the very near future.

The bride graduated from Littlestown high school with the class of 1944. She is secretary to the personnel manager of the Cambridge Rubber company, Taneytown, Mr. Klunk.

## HUSTLERS' S.S. CLASS MEETS

The monthly meeting of the Hustlers' class of Redeemer's Reformed church was held on Monday evening in the social hall of the church. The meeting opened with the group recital of the Apostles' Creed. Scripture was read by Mrs. Melvin Miller and prayer was offered by Mrs. Robert Miller, after which the following program was presented: Group singing; piano solo, "Indian Boy," Wayne Miller; story, "Social Insecurity," Mrs. Clement Sneering; piano solo, "Irish Tunes from County Derry," Mrs. Frank E. Reynolds.

A business session was conducted by the president, Mrs. Hazel Hess. Miss Louise Dutta presented a secretary's report and Mrs. George DeHoff, a treasurer's report. The class discussed plans for the serving of a banquet to the Littlestown Lions club Thursday at 7 p.m., and a banquet to the Woman's Community club of Littlestown and vicinity on November 8. The baked ham supper, scheduled to be served by the class on November 4, has been postponed.

The game package, contributed by Mrs. Richard Rogers, was received by Mrs. Arthur Straley. The hostess and program committee appointed for the next meeting to be held on Monday, November 20, at the church, consists of Mrs. Robert Myers, Mrs. Ralph Reaver and Mrs. Richard Yingling.

Following the meeting each member visited the fortune teller in the booth arranged for fortune telling by the committee. Contests were held, one of which was won by Miss Evelyn Hornberger and the prizes for others were awarded to Marilyn Spangler and Mrs. Ralph Reaver. A kitchen band was formed by the group, and with Miss Louise Dutta, as pianist, and Mrs. Robert Miller as director, they played "Skaters Waltz," "Dress Parade" and "March Militaire."

## Western Maryland Professor Speaks

Dr. Theodore M. Whitefield, professor of history at the Western Maryland college, was guest speaker at the weekly meeting of the Littlestown Rotary club held Tuesday evening in Schottie's banquet hall. Dr. Whitefield spoke on the subject, "United Nations in Perspective," and he traced the history of man's attempt to set up an organization for world peace.

The meeting was in charge of the International Service committee, of which Luther D. Snyder is chairman. The speaker was introduced by L. attended Delone high school, McSherrystown, and served with the United States army during World War II. He is head of the payroll department in the Cambridge Rubber company, Taneytown.

## Girls' Guild Holds Meeting On Monday

"Facing the Facts with Our Large Minority" was the topic for the monthly meeting of the Girls Guild of St. Paul's Lutheran church, Monday evening in the social hall of the church, with Mrs. Walter Groce as leader. The program included a song service with Ruth Bucher as pianist; Psalm 27, as a scripture lesson by Mrs. Groce; group prayer; readings on the topic by Darla Lemmon, Suzanne Harner, Evelyn Dickinson, Shirley Brown and the leader; poems, Patricia and Suzanne Long. It was decided to hold a covered dish and Halloween party in the social hall, Monday, October 23 at 6:30 p.m. The decorating committee, consisting of Phyllis Dickinson, Patricia Long and Lou Etta Miller are requested to report at the church at 4 o'clock on that date. The game committee for the party consists of Louise Bucher, Suzanne Harner and Darla Lemmon.

Following the business session, the group enjoyed a session in textile painting. Hostesses for the evening were Evelyn Dickinson and Shirley Brown. The next regular meeting will be held on Monday, November 20.

## Robert Snyder

The business was in charge of president, George P. Smith. Arthur E. Bair received the guest package. One visiting Rotarian, Irvin J. Houck, of the Hanover club, was present. Initiation of several new members will take place at the meeting next Tuesday evening, when there will be a Rotary information program.

## News Briefs

The monthly meeting of the Ladies Aid society of St. John's Lutheran church will be held Thursday at 7:30 p.m. at the church, in the form of a Halloween party. All who fail to mask for this event will be fined. The committee consists of Mrs. Charles Lemmon, Mrs. John Moudy and Mrs. Benton Flickinger.

Mrs. Annie and Edgar Pfeiffer, Cemetery street, will be hostesses to the members of the Starr Bible class of St. Paul's Lutheran church, at their monthly meeting, Thursday at 7:45 p.m. This meeting has been

advanced one week due to Halloween. Mrs. Luther Sentz is the other member of the hostess committee.

The Pennsylvania history classes of the ninth grade of the Littlestown Junior-Senior high school, taught by Frank E. Basehoar and Richard Snyder, will tour the Gettysburg battlefield on Thursday afternoon, with Dr. Frederick Tilberg, as guide.

The block rotary was said on Tuesday evening at the home of Mrs. Susan Redding, North Queen street, and will not be held there on Thursday evening as originally planned. This evening at 8 o'clock the rotary will be said at the home of Mrs. James F. Smith, Lumber

street, and on Friday evening at the home of Mrs. A. W. Schott, South Queen street.

The "red ensign," although unofficial, serves Canada as a national flag.

## 125 AT FAREWELL PARTY TUESDAY FOR BRUMBACHS

Approximately 125 members of the Lutheran and Reformed congregations and Sunday school and other organizations of St. Luke's church, White Hall, were present Tuesday evening in the social hall when a farewell party was tendered to the Rev. and Mrs. John C. Brumbach and his daughter, Audrey, who will be leaving for Bangor in about two weeks. This event, which started with a covered dish supper, was sponsored by the Ladies Aid society, with the wives of the members of the Reformed consistory serving as the committee. The invocation was offered by the Rev. Oscar E. Feeman, pastor of St. Luke's Lutheran congregation.

Following the supper a program was presented with the Rev. Dr. J. M. Myers, Gettysburg, as the master of ceremonies. Dr. Myers, who is professor of Old Testament and head of the Old Testament department in the Gettysburg seminary, was Lutheran co-pastor with the Rev. Mr. Brumbach at St. Luke's during most of his pastorate there. The program opened with the junior choir of the church marching into the social hall, attired in their gowns, which were received only a few days ago and worn for the first time as a surprise to the Rev. Mr. Brumbach. With Mrs. Robert Spangler, church organist, as the pianist and director, they sang, "Secure in His Keeping" and "Fasten Your Eyes upon Jesus." Miss Eileen Hartlaub presented the following piano solos, "Saved by Grace" and "Whispering Hope."

Words of appreciation for the pastorate of Rev. Brumbach were given by Roscoe W. Rittase, representing the consistory; Samuel Snyder, representing the Sunday school; Mrs. John H. Hartlaub, representing the Ladies Aid society; Miss Ruth Hofe, representing the choir and Mrs. Guy McCabe, representing the Missionary society. A duet was then sung by the Misses Velma and Marie Flickinger, followed by a recitation, "Clouds" by Barbara Sents.

Dr. Myers then spoke fittingly of the many pleasant experiences that he had as co-pastor with Rev. Brumbach and the spirit of co-operation manifested. He also extended his best wishes for success and happiness as Rev. Brumbach and family begin their work in their new field.

Following his remarks, Dr. Myers called Rev. Brumbach to the floor and presented him with gifts of appreciation. The first gift was a plastic tree decorated with twenty \$1 bills, the gift of the Sunday school, and the second was a wax plant decorated with two \$5 bills, one of the bills from the Ladies' Aid society and the other from the Missionary society.

Rev. Brumbach expressed his appreciation for these gifts and responded with a brief address. He expressed his appreciation for the privilege of serving as pastor and as co-pastor with Dr. Myers, and thanked the congregations and organizations for their cooperation. He said: "As we leave St. Luke's church, we cherish the happy thought that you responded and co-operated in every project that was presented by the pastor. We are able to leave with the memory of a happy pastorate."

**Reviews Pastorate**  
Rev. Brumbach then related some statistics and recounted several of the accomplishments of the pastorate. They included: Services conducted, 162; sermons, 129; funerals, 7; weddings, 1; baptisms, 14; additions, 31 — 24 by confirmation, one by renewal and 6 by letter. The benevolent apportionment was paid in full for six consecutive years, including the current year. A total of \$3,346 was raised for benevolence, of which \$1,873 was for the apportionment; \$108 for the orphans' home; \$703, World Service; \$580, Home-wood Old Folks Home; and \$80, seminary aid. For current expenses, a total of \$5,991 was contributed which included a salary increase since June, 1948, and a current contribution of \$232 for the Junior choir gowns and \$769 toward the recently installed furnace.

This pastorate began on June 1, 1945, when the Rev. Mr. Brumbach was designated as supply pastor by action of Merceburgs synod. In December, 1945, the benevolent apportionment was paid for the first time in the history of the congregation. Additional accomplishments in conjunction with Dr. Myers were: Publication of a history of the church in 1946; celebration of 100th anniversary of the congregations in 1946; creation of a cemetery trust fund in 1946; dedication of missal stand and candle holders, the gift of the Ladies' Aid in 1947; securing of choir gowns in 1948; dedication of Wurlitzer organ and chimes, gifts to the church, as well as a memorial plaque, service record and flag in 1948; securing of Junior choir gowns and a new church furnace in 1950.

The program closed with the group singing of "Blest Be the Tie That Binds" followed by the benediction by Rev. Brumbach. After the program, the Brumbachs received the personal best wishes of many of the group assembled. Decorations for the occasion included cut fall flowers on the tables.

The committee on arrangements consisted of Mrs. Ray Reichart,

## Pennsylvania Is A Great State

—tell someone about it

Pennsylvania leads the nation in more than 50 major industries.

It is the source of more power than any other State.

It has more skilled workers than any other State.

It is No. 1 in the output of many raw materials.

It provides 10% of all the manufacturing employment and payrolls in the nation.

It is a bigger market than many whole nations.

It has a friendly State Government and a fair tax structure.

It has more towns and small cities than any other State; more people living on farms than any but one other State; and it is the only State in the Union with two of the 12 biggest cities.

It has a two billion dollar farm industry and ranks away up in farm cash income, in dairying and many fruits, and it produces more vegetables than all of New England.

A movement is under way all over the State to boost Pennsylvania. You can help by boosting your own communities, by attracting new industries and by helping those already here to prosper and expand. Will you help?

PENNSYLVANIA WEEK - OCTOBER 16-22

It's Your Pennsylvania—Keep It Growing

MORE INDUSTRY—MORE JOBS—MORE INCOME

Although a leader in industry and agriculture, 52 per cent of Pennsylvania still is in woodland. There are millions of acres of public land open to picnickers, campers, gunners, fishermen, hikers, and cottagers. There is fresh-water surf-bathing and surf-fishing at Erie. There are ten thousand miles of fishing streams which are restocked each year.

Pennsylvania has more wild game today than the Indians had, and the State Game Commission computes the annual bag in tons. There are mountain-top golf courses. There are large luxurious resort hotels, and cabins and camp sites in 111 State Forests. Parks and public picnic areas. There are riding and hiking trails. In winter, railroads run special "snow trains" for skiers and tobogganists bound for Pennsylvania's snowclad highlands.

So famous is Pennsylvania as a vacation land, and so varied its offerings in recreation, scenery, and history, that the 600 million dollar a year tourist and recreation "industry" frequently ranks fourth among the many businesses of this busy state.

Lancaster, Pa., Oct. 18 (AP) — The memory of the surveyor credited with completing the plans for Washington when the nation's capitol was

laid out was honored here on Sunday. The Lancaster County Historical Society unveiled a plaque which marks the home of Andrew Ellicott.

Mrs. Ruth Ellicott Valentine of Washington, representing the Ellicott family, told how her ancestor completed the plans for the city of Washington. She said Ellicott com-

pleted the work of Maj. Charles Pierre L'Enfant, who designed the master plan but gave up his work before it was completed.

## SHIPPENSBURG IS OBSERVING BI-CENTENNIAL

Cumberland county's bicentennial celebration officially got under way in Shippensburg with the opening of the 1950 Pennsylvania Week. The oldest of Cumberland county communities commemorates the 200th anniversary of the county's founding in a week-long celebration from Sunday, October 15, through Saturday, October 21.

Shippensburg's Pennsylvania Week program is the first of a series of events planned to commemorate the founding anniversary of Cumberland county, which became the sixth county of the commonwealth in 1750.

### Carlisle Program

The official recognition of the county bicentennial will be conducted by the board of county commissioners and other county officials on Saturday, December 2, at the courthouse in Carlisle. The commissioners have asked that public schools hold assembly programs on December 1 and that individual churches of all denominations make recognition of the anniversary during services Sunday, December 3.

### Week-Long Program

Climax of the bicentennial will be a week-long celebration in Carlisle June 17 to 23. Among the events will be a historical pageant which will be presented on five nights, parades and fireworks. Carlisle, the county seat, was founded in 1751.

The program in Shippensburg includes a special ceremony Saturday, October 21, at 11 a.m., at the first court house of Cumberland county which still stands in Shippensburg. At 6:30 p.m., there will be a parade. A band concert and a speaking program concluding with a giant fireworks display to be held following the parade at Memorial park.

## New Oxford

New Oxford—The Friendship Circle class of the Pines Lutheran church met during the week at the home of Pastor and Mrs. Samuel M. Clarke.

School authorities in this area have received complaints that Halloween pranks have already been begun by children and parents have been asked to cooperate in preventing their repetition.

Improvement is reported in the condition of Mrs. Warren Berkheim, who recently returned after treatment at the Hanover hospital.

A group of women of the local Catholic parish, some of whom were married within the past year, were received Sunday evening into the Rosary society of the church, the organization for matrons of the parish. There were special ceremonies in charge of the pastor, the Rev. Robert D. Hartnett.

Mrs. Effie J. Poulk, formerly of York Springs and Hanover, remains a guest at the Kuhn Convalescent home east of town where she has been residing since her serious illness more than six months ago.

Local Lions club members conducted a regular meeting last week at the Cross Keys hotel east of town.

The recently born son of Richard U. and Zillah Pope Smith has been named Thomas Damian.

A social meeting of the Rosary society of the local Catholic parish was conducted during the week at the parochial hall to welcome new members received into the society at ceremonies Sunday evening.

Members of the congregation of St. Paul's Reformed church made a trip to York on Sunday to attend a Youth Rally at Zion church.

Women of the Pines Lutheran church conducted a roast chicken and baked ham dinner on Saturday.

Mrs. Rosalie Klunk Breighner, wife of Felix Breighner, Hanover, formerly of here, is again able to be about after spending a month in the Hanover hospital where she was operated upon for appendicitis and suffered a subsequent attack of peritonitis.

## BROKEN NECK KILLS GRIDDER

Camden, N. J., Oct. 18 (AP) — Ben (Sonny) Morrell, 17-year-old captain and star half back of Camden Catholic high school, died late yesterday of a broken neck suffered in a third quarter pile up of a game with Bridgeton high school. Morrell, who scored two touchdowns in leading his team to a 25-7 victory before his fatal injury Saturday, was top scorer in South Jersey with 10 touchdowns in four games.

Following his death, Camden Catholic's Athletic council went into emergency session then announced Morrell's death was accidental. The council said the remainder of the 1950 schedule would be played. The only change will be the postponement of a game next week-end with St. Joseph's Polish high school. The game was moved to Nov. 17.

The council said the school would not abandon football as it did for five years following the death of a player in 1941.

Camden Catholic's football squad of 60 and senior class of 250 will be released from classes to attend solemn requiem mass for Morrell, Sister Mary Gertrude, school principal, announced. Funeral arrangements are pending.

Several hours before Morrell died, the 1,500 pupils of Bridgeton high school stood in their classrooms and offered a minute's silent prayer for his recovery. Last Sunday, Morrell's

classmates prayed for his recovery and special prayers were said in the 55 Catholic churches in the Camden area.

Korean coal reserves are estimated at more than 1,500,000,000 tons.

Harrisburg, Oct. 18 (AP) — Auditor General Weldon Heyburn said Tuesday that ancient fiscal records uncovered in his office recently will be "priceless to scholars, historians and teachers interested in the state's fiscal affairs."

The records, stored in basements and sub-basements of the capitol building here were opened only recently. Some of the records, Heyburn said, go back to 1782, the year the office was created.

## Want a long run for your money?

## Better Buy Buick!

YOU want a new car to be tops in things like style and room and comfort and power—

—and a thrill-packed fifteen minutes with the nimble number pictured here will show you it has all these things in abundant measure.

So you ask us—how about money? What does it cost to buy a Buick—and to own one?

All right—let us ask you some questions.

Take first cost. Do you know that Buick prices start down at a level

below what you'd pay for some sixes—and that every Buick, on a cents-per-pound basis, is a stand-out buy?

Take operating cost. Do you know that the bang you'll get from Buick's Fireball power comes from a valve-in-head engine—recognized by engineers as a thrifty saver of fuel?

Do you know that owners of 1950 Buicks are writing us rave letters, saying that this year's version is the most economical Buick ever built?

Do you know that such comfort features as coil springs on all four wheels protect the car as well as the passengers—and throw in an

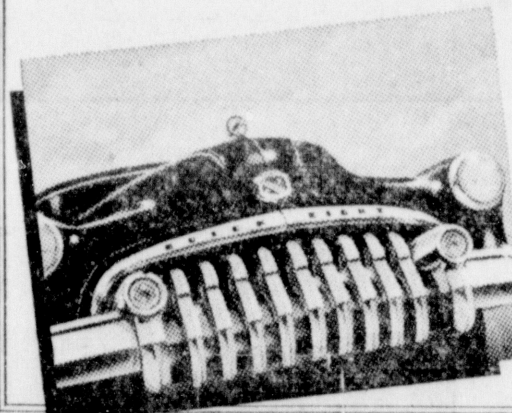

extra saving because they need no servicing, and are practically breakproof to boot?

Do you know that Dynaflo\*—in addition to keeping you fresh as a daisy on a day-long drive—caps its convenience with savings on tires, cuts down the strain on transmissions and engines—and eliminates all friction clutch repairs, because it hasn't any?

Take final cost. Do you know that when the owner of a Buick gets a yen for a later model, the prices that Buicks command on a used-car lot are the ultimate proof of their long-run value?

So if you want a real run for your money, better buy Buick. And the first step is very simple: Go see your Buick dealer—soon—and get an order signed.

\* Dynaflo Drive is standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

# TRUMAN GIVES BLUNT WARNING TO ASIA, REDS

By ERNEST B. VACCARO  
San Francisco, Oct. 18 (AP)—President Truman set the world stage today for an unprecedented counter-offensive to Soviet peace propaganda. He offered a full "partnership of peace" to all Asia, backed up by United States military might.

The State department's "Voice of America" bombarded every reachable listener with a constant repetition of Truman's warning to the peoples of the Far East that Russia is trying to turn them into "colonial slaves of a new imperialism."

And the President left for the Russian Politburo a bold and blunt reminder that the United States will not stop short of war to resist aggression and preserve "our free way of life."

Partnership For Peace

Mr. Truman flew back to Washington shortly after delivering his major foreign policy speech last night in the War Memorial opera house where the United Nations charter was born five years ago. It was the last leg of a flight during which he talked with General Douglas MacArthur on Wake Island about what, he said, were the "dangers

# SEES CHINESE INTERVENTION NOW UNLIKELY

By DEWITT MACKENZIE  
(AP Foreign Affairs Analyst)

The continued drive of U.N. forces into North Korea in pursuit of the Red Korean army of aggression is causing much speculation whether Communist China is likely to intervene to save her ideological soulmate.

That's a natural question for several reasons. China's Manchuria has a common frontier with North Korea, and Peiping doesn't want any foreign power in control there.

Moreover, Chinese Communist Premier Chou En-lai has broadcast a warning that China won't tolerate any attack on her neighbors—whatever that may mean. And Indian Prime Minister Nehru has declared there is danger of Chinese involvement if U.N. troops drive to the Manchurian border.

Too Valuable

Well, what's the answer? Is this a correct appraisal and, if so, does the United Nations abandon its fight and order U.N. Commander-in-Chief MacArthur to withdraw from battle?

The answer on all scores would seem to this column to be in the negative. Of course there's always the danger of a major conflict developing when there is much juggling of high explosive as is

going on in Eastern Asia. However, Chinese intervention in Korea now would precipitate a big scale war, and horse sense says that China definitely doesn't want that.

And why doesn't she want it? Because she is too vulnerable. Her immediate fear must be the loss of her Manchurian industries through Allied bombing.

China's Problem

The most important industrial area in all China lies in Manchuria. It's true that the Russians removed huge quantities of machinery right after the World War, but there has been considerable rehabilitation. And the bulk of China's heavy industry is in Manchuria, including her arsenals.

Perhaps of greater concern is the fact that the power for plants in a good part of Manchuria is developed in a huge hydroelectric plant on the Yalu river. Now the Yalu forms the western part of the border between North Korea and Manchuria, and this renders the hydroelectric development highly vulnerable to bombing planes based in Korea.

That would be the immediate danger in case China precipitated a major war. However, she has much more to worry about. Despite her millions of troops, she lacks the resources to engage in a major war.

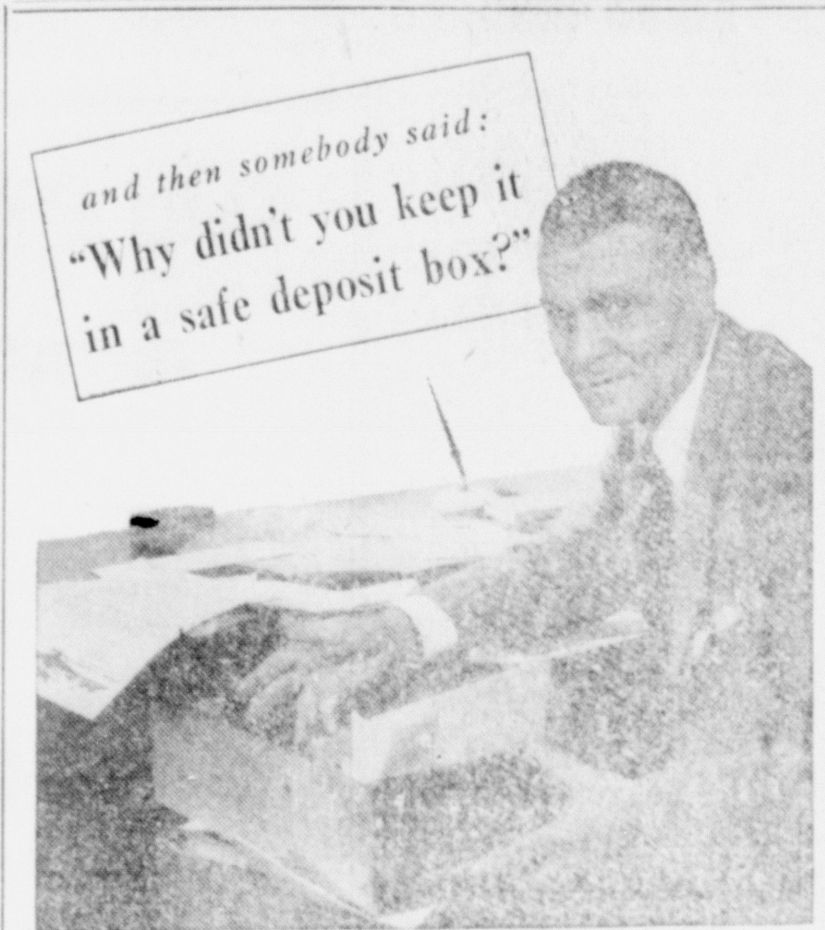

grand jury is responsible for that.

Pittsburgh, Oct. 18 (AP)—A wage dispute between publishers of Pittsburgh's three newspapers and 200 printing room employees has stymied a federal conciliator's efforts to effect a settlement.

After meeting twice with both sides yesterday, the conciliator,

George W. Woomer, admitted "no progress at all" in the steel city's 16-day-old newspaper strike.

The Carlsbad Caverns in New Mexico are estimated to be 200,000 years old and have not yet been completely explored. The deepest passage uncovered at present is 1,150 feet under ground.

# STOP at the START

Tire Waste and Front End Wear

Our MANBEE Wheel Alignment and Wheel Balancing Equipment enables us to detect and correct destructive wheel conditions before serious damage is done. We STOP tire waste and front end wear at the START. Give us prolonged tire life and keep your car driving like new. Get acquainted with this essential service for modern cars—the secret to SAFETY and SAVINGS, DRIVING COMFORT and ECONOMY.

THREE out of FIVE cars have destructive wheel conditions, but their owners don't know it. Tires, shock absorbers and springs take the beating, vibration and grind. Like a sneak thief, destructive wear steals tire mileage and ages the car far beyond its mileage. Eventually destructive wheel misalignment and unbalance show up in uneven tire wear, loose steering, shimmy, weave and wander—after it's too late.
